MINISTERS COLUMN

We appreciate most heartily the publishing of this Church paper and hail it as a forward move in the history of this Church.

The men who sponsor this move are to be congratulated and commended. We are sure that we speak the sentiment of one and all when we say it is timely and it will prove to be a medium through which every department can function more successfully, and we feel also, that the community will receive the new page with a kindly interest.

May I add to this brief word of commendation a few reasons why our friends and neighbors should attend Church.

1. Because you ought to line up and be counted with this great number who have placed their influence with this mighty organization, called the Church.

2. You ought to come to Church because it is a Divine Institution.

3. You ought to come to Church that you may observe the rites and sacraments of the Church.

4. You ought to come to Church to enjoy the association of a splendid group of Church people.

5. You should come to Church that you might nourish that Divine urge for the things of God. That urge, if not nourished, will die, and perish.

6. You ought to come to Church because it is an advocate of law and order and moral decency.

7. You should come to Church for there listening hope can see a star, love may hear the rustle of a wing.

8. You should come to Church because of Her great interest in the boy and girl and the moral and spiritual welfare of the whole community.

9. Come to Church that you might learn more of the Bible and of God and of Heaven and of your own soul.

10 Come to Church that you may lend a hand in making your community a better place in which to live.

The Church took me by the hand when I was a little boy, it spoke kindly to me, it whispered to me I am your friend, you may trust me and so we have lived together and the Church has helped me to build character, has been a light when it was dark, has been a strong arm when I have weakened. Yes, the good, the true, back through the years, some living, some dead have taught me of God, of life, of truth, of honor, of peace and of many other things that abide and endure.

CHRISTIAN ENDEAVOR

C. E. Prayer Meetings are held regularly each Sunday evening at 6:30 P. M. This coming Sunday will be a leaderless meeting, each one of ten different young people being responsible for different parts of the meeting. Plan to attend.

Next week we hope to have a regular C. E. Reporter who will give you a more complete idea of the Endeavor program of activities.

INTRODUCTION

The purpose of this paper is to make the members and prospective members of Stow Community Church better acquainted with one another, more interested in one another and more concerned about the Sunday Services.

We are to have an editor and we hope—regular weekly news items from the choir, the Christian Endeavor, the Deacons and Deaconesses, the Ladies' Guild, the Minister, the Sunday School, the trustees, and from anyone else who would have something special, for instance, this week the Men's Bible Class are starring Mr. C. M. Woodring as chef at a big Fish Fry Supper (See Mr. Phelps' article).

Another thing, this paper is to

be made possible by those who advertise therein. Therefore we ask you to tell Mr. Wheeler that you are buying that new radio or cook stove from him because you saw his ad here, also, let Mr. Fisher know when he gets back from Florida that you decided to buy your potatoes and meat from him because,—well you see how it works, even Mr. Holt might be interested in knowing that you paid your electric bill because you saw his ad here. Merchants will then be convinced that it pays to advertise and this paper will become bigger and better as also we hope the Church will become bigger and better.

Providence, the advertisers, and the people permitting, this paper will continue for sometime. If it doesn't we will have to give Mr. Al Stein some of his money back and forget about the paper.

SUNDAY SCHOOL NOTES

If you are one of the 115 in Sunday School last Sunday, you will understand why we want to tell others about it. We are getting something out of our Sunday School. We go with the idea of having our splendid corps of teachers bring out the essential points of our lesson.

We wish to cooperate with our Pastor and show him our appreciation for his efforts.

Though our Church is humble, we are proud of the spirit that now prevails, and we urge all who are not now attending a Sunday School or Church to join with us and we will all benefit in the good things in store for us.

You cannot be too old, too young, too rich or too poor to become a part of our congregation. Come out and visit us and we will be glad to welcome you and make you feel at home. May we have 200 on our roll by Easter? Say to yourself "I am going" and be there next Sunday.

MEN'S CLASS NOTES

Just as we had settled ourselves for the evening intent on reviewing the news for the day, neighbor Stockman dropped in to tell us the first copy of the Community Church News was to be in the printer's hands in time

to make its debut at the Fish Supper given by the Men's Bible Class Friday Night. Now won't that be a delicacy fit to please the most fastidious gourmand?

It will also remind you the men of Community Church have a very fine Bible Class that is steadily growing in interest and in numbers, and that you are invited to meet with the class next Sunday morning at 9:30. You'll enjoy the friendliness of these men and the variety of thoughts expressed in the freedom of discussion that is a special feature of these class meetings.

Don't you know there is a lot of good people in this old world and they are not all in the Men's Bible Class either, but most of them will be if you'll come.

Oh yes, while you wait for the pie to be served I just remember to tell you that the class discussion will not be the only attraction for you, but you'll enjoy even more the sermon Rev. Hulme will preach right after the Sunday School session. All this is yours just for the trouble of coming, right in your own town and among your neighbors that you are certain to appreciate more when you know them better. What's that? You say you will come? Thank you. Now have another piece of pie.
