STOW, OHIO No. 1

## Minister's Column

Now sir, are you on the square? Honestly, now, are you playing the game fair? You would reprimand your children if they cheated at marbles or neglected their studies. But now let us consider your case. Are you a privileged character that you should get by unchallenged? One thousand families in Stow Township, or there about, four members to each family is a fair average. Two churches in Stow with an average congregation of 150 to 200 persons. What's wrong with these two churches? Or what's wrong with you fellows that neglect church attendance? None of my business you say. Now wait a minute, my friend, what is the Lord's day for? What is the church for? Don't you have a soul? Doesn't Christianity add to rather than detract from the sum total of human life? If the church doesn't deserve to die, then I beg of you stand by and see to it that it lives. Is the church with its several hundreds of men and women, boys and girls, neighbors and town-folk, the ones you meet daily, can you afford to pass them by and have no interest in the best things that lie nearest their hearts? Many of the good people of Stow neglect their own best interests, your neglect in not being identified actively

with the church is none other than an affront to God. You are not a good sport. In trouble, in sickness, in death the good church folk will be your best friends. Regardless of your meanness they will come to weep and comfort and do their best for you or yours. Come out in the open, my friend, and treat the home church fair. I ask not what would mother say, mothers living or dead, regarding church going. What would our president say? None of his business, perhaps not. His counsel is not to be despised, however. Try the governor of Ohio on church going, his answer too would be in the affirmative. But friends, what does your own soul say as you neglect the house of God? How many in Stow township jump into their cars and run to Cleveland, Kent or Akron for a church service, a sort of a joy ride in church going? Business men who run across the country to attend church would ostracize his neighbor if he sent to Chicago or New York for his merchandise. You business men demand the patronage of home industry. Be consistent, brother, keep to the right and come along to church Sunday. You have two good and worthy churches in Stow, not too many for the area to be served, not too many for

## For the Second Year!

WE have again been accepted for fellowship in one of our profession's best known groups. For the second time we have been appointed as members of the Order of the Golden Rule in this community.

The Order accepts but one funeral directing organization in each community. That organization must subscribe to a Creed which outlines the high ethical standards of the Order and its members.

It is not difficult to understand, therefore, why we are gratified that our symbol shows two service stars, in token of our second year of affiliation with the Order.

the number of good people that live within a radius of two miles from these churches. My people try it out, be interested in the best things near your own door, come let us try for 1000 members in each church in Stow, with service so holy, so attractive, so interesting, so helpful that all the countryside will plan to be there. I wish you all a happy and prosperous New Year.

GEO. M. HULME, Minister  
SUNDAY

The Lords Supper will be observed on this, the first Sunday in the month and also the first Sunday of the new year. An opportunity will be given to anyone wishing baptism to be baptized. Furthermore, this Sunday, anyone wishing to may join the church either by letter, reaffirmation of faith, or on confession of faith.

Also this is the Sunday that all of us are to bring an offering to the church as the Lord has prospered us. The pastor, the trustees and the signers of the church note hope that—I—we—and you, the members of the Community church give generously and that the money received will go a long ways toward the final payment of that old, old church note.

LADIES' BIBLE CLASS

The Ladies' Bible class meet next Wednesday evening at the home of Mrs. L. C. Stein, 135

Hudson road. This is to be the regular monthly business meeting of this organization. Regardless of what the men decide to do all ladies should be present.

**MEN'S BIBLE CLASS**

Attend the meeting of this class Sunday and find out what the men are going to do—if anything. Their class is by no means hopeless, in fact the men and their teacher, Mr. Phelps, should be congratulated on keeping the crowd together during the year 1934. No doubt the statement is correct that not in recent years has any teacher in our church been able to draw as large an average attendance among the men as Phelps. Keep him in office.

As announced in this column last week, the men were to have had a business meeting this week on Thursday but on account of church night Friday they were of the opinion that two nights out in succession would be just a bit too much for their gout and rheumatism. Accordingly they changed their mind a second time voting to postpone the meeting until next Thursday. However during church a suggestion from the pulpit that ladies and men meet together extracted a late invitation from the ladies requesting the men to meet with them—now attend Bible school Sunday and find out if the men change their minds again.

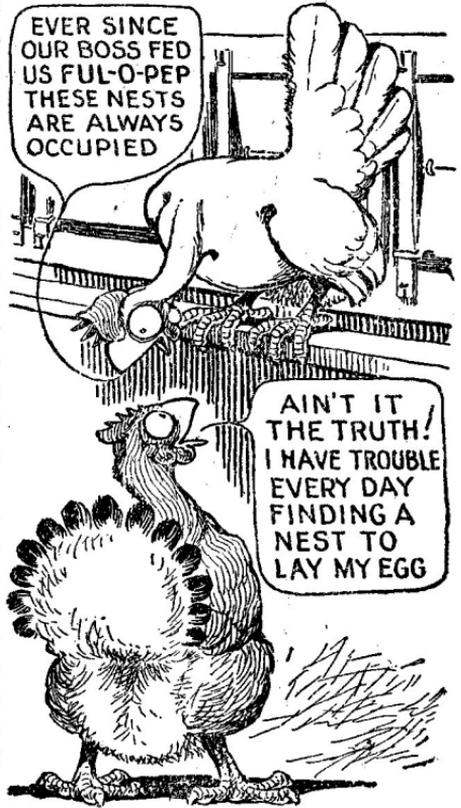

**ITEMIZED STATEMENT**

Bring an offering Sunday for the church debt.

Ottis Black, back from school for the holidays, sang in the choir last Sunday.

AIN'T IT THE TRUTH! I HAVE TROUBLE EVERY DAY FINDING A NEST TO LAY MY EGG

Where Ful-O-Pep Egg Mash is fed the egg business is good every day. This mash contains the nutritious elements which laying hens require for increased production of big, sound shelled marketable eggs.

**FUL-O-PEP EGG MASH**

Keeps up body weight and decreases mortality in laying hens. If you want eggs and their quick cash returns feed Ful-O-Pep Egg Mash.

Lodge has the sleigh and plenty of bells. Now for some snow—some horses and lots of oysters. Then we can have a sleigh ride and an oyster supper if we can find a place to have the supper.

Francis Justice, after visiting for a few days with his mother departed last week for the CCC camp in Kentucky.

If you are a Christian and a church member—you belong at

church on church night and on other nights and days when your church needs you.

Mr. J. R. R. Nichols, Baumberger road, was ill last week. It is reported that most of the other members of his family were also ill.

Mrs. Playford F. Robinson is not in the best of health. She was unable to attend church Sunday.

With a party at the Isaac Walton lodge just over the line in Stark county, Mr. Weygandt assisted by Lester Garver and Foster Young entertained a group of men from Arnold Acres on New Year's eve. Potatoes fried by Foster Young and hamburgers by Lester Garver were very special attractions.

C. V. Shakespeare, Munroe Falls Garage, now has the 1935 Plymouth on display in his show room. Take a look at it.

On account of our early delivery of the Community Church News on Saturday mornings, thereby disturbing her sleep—information

has arrived by grapevine telegraph from Mrs. Harry A. Edminster, 122 Ritchie Road, that she will meet us at the door with a rolling pin next time we do it. Now, we'd much rather have a nice hot apple pie than a mere rolling pin.

Erratum: A brown leather weekend bag in place of a Boston Bag is that which was LOST. And it is quite possible it was lost not far from 180 Williamson Road or on the Kent Road on the way to Akron. The owner at 180 Williamson Road is especially anxious to have the bag returned and will pay a liberal reward for same.

**THE COMMUNITY CHURCH  
NEWS**

Forty-nine issues of this paper were printed by Mr. Howe last year. More than 49 articles were written by Rev. Hulme. Forty nine times someone has carried the copy down to the office of the Falls News so they could strike off our linotype. Even the folding of the papers is no small job. Then there is typing of the copy, lots of work here and no pay. And do not forget those who do the delivering—it's a big job, not much pay here either. As an example—last Saturday something over 1000 copies of this paper were delivered. In helping three boys deliver 800 copies the Plymouth was driven 77.7 miles. No record was kept of

the number of miles driven in securing news and advertising; probably somewhere between 50 and 100. To run our car when depreciation, repairs, gas and oil are counted, the cost is over 5c a mile. Except for \$8.25 for gas recently, this charge does not enter into the following statement for the year 1934.

From the foregoing statement you will note that if car depreciation and expense is left out, also the fact that well over half the advertising has been taken out in trade—the financial condition is not so bad. However the duties

of running a paper are arduous and unless aother editor, advertising manager, and circulation manager is appointed—or extra dependable help received—curtailment of activities will be necessary.
