STOW, O. FRIDAY, JUNE 25, 1937

NO. 26

I LIVE IN STOW

It makes a great difference where you live. If you say you live on Furnace Street in Akron your measure is taken at once. If you live in Fairlawn, Hudson, Silver Lake or Stow you are given the key to any city and whatsoever you do is right, honorable and just. Yes, it makes some difference where you live.

The old Hebrews nodded and winked to each other and said, "Can any good thing come out of Nazareth?"

There are good neighborhoods, so also there are bad neighborhoods, again, there are several grades between the two.

But then one feels proud when they think of Stow, it rates high. It is something like the Promised Land. Folk who live in Stow have shaken the dust of not so desirable places from their feet and behold, they have sought out this haven of rest, namely, Stow. So one feels quite chesty when they live in Stow. Schools, churches, homes, landscape, law, order, morals, spirituality and general behavior are above the average in Stow. Yes, indeed, it makes some difference where you live, just ask the folk in Stow. I have been told of places, in all appearances very similar to Stow but the people, (not the buildings) make the difference. Life is very unpleasant among a lot of hot-heads, or devilish neighbors, or selfish folk, or people not sufficiently trained or cultured to understand good intentions. So when one makes a comparison of training and caste and soul and spirit they thank God and take courage for a land like Stow.

Stow, where the inhabitants have grown tall and straight, where the good people are schooled in the finer arts, such as kindness, appreciation, good-will and neighborliness.

There may have been a day when Stow was not so advanced as it

now is, it takes time to develop and mature, but one is refreshed and encouraged in the consciousness of moving on, advancement brings its own reward.

In the olden days in Stow conditions may have been crude or common. The time was when Stow was an outpost, a place of few cabins. Howe's History of Ohio says it was celebrated for snakes. It is different now, old things have passed away. Stow is a paradise, that is the name of one of the allotments. All this has come about because of a fine, advanced class of people who now possess the land.

If, in far off times, there were differences of opinions and some religious controversies among the brethren, that, for shame sake, has passed away, the enlightened folk in Stow today are one. No one would risk a line in history of anything so little, so unworthy as differences and quibblings in holy things. Keep in mind, we live in Stow.

In other places, not so advanced, there is small town stuff, such as gossip, quarreling over triflings, selfish folk who own an ordinary house and lot 40x100 but because of ignorance they would assume a lordship as far as their eye can see. Not so, however, in Stow.

We have outgrown our kilts, meanness has gone, finer values have taken their place. We live in honor, preferring one another in Stow. Of course we do, for you know it makes a difference where you live. More is expected of a cosmopolitan area, such as Stow, there is more toleration, more co-operation, more pure unadulterated goodwill, more of the community spirit.

Therefore, whatever bickerings may have infested the land of Stow in the olden days, be it known now, that we have a reputation of which we are justly proud, that the only

OUR BIBLE SCHOOLA Current Lesson Analysis For
June 26

The following questions are intended as a study outline. They are not difficult questions selected to confuse the average Bible student. On the other hand they are fundamental to an understanding of the lesson text.

1. How does the first chapter of Genesis and the first chapter of John compare in phraseology?
2. What is the significance of this?
3. What prophecy did Christ make regarding his second coming? (Luke 17:26-32)
4. How is your life and existence justified in the sight of God? (Gal. 3:6-8).
5. Hebrews 11 is known as the Westminister Abbey of the heroes of faith. Why is it so referred to? Who is the author?
6. Give at least one example in the life of each of the following men which demonstrates that he

had faith in God: Abel, Enoch, Noah, Abraham, Isaac, Jacob Joseph and Paul.

7. Can you relate three events which are recorded in the Bible which are the fulfillment of prophecy? What relation does the fulfillment of prophecy have to the faith of a christian?

8. How many such fulfillments of prophecy do we have recorded in the Bible?

9. Why did Christ perform miracles while he was upon the earth?

10. What rule did Jesus give for use in identifying a christian? (John 14:21).

"Out of the depths have I come unto Thee O God." This was the text last Sunday morning of one of the best sermons that Rev. Hulme has delivered in Stow. Not until one is intensely earnest and sincere does God hear us. Light and frivolous words do not bring us God's attention. Only out of the depths of human experience may a sincere attitude be developed. Rev. Hulme outlined four divisions: First, out of the depths

of sin—a man cries unto God. Second, out of the depth of trouble. Third, out of the depth of one's own nature, and fourth, out of the depths of death and immortality. These four "depths" are reasons why men earnestly seek God.

and an eight is sometimes a half mile or more. Mr. Byron Twigg and Miss Lena Roxbury, daughter of O. C. Roxbury, 137 So. Sanford Avenue, with a marriage license and a recent copy of the Community Church News in hand went in search of our good minister at the address given in the paper. Now for sometime past the address has been 859 Ardmore but anxious to return Mr. Howe's type, our new printer had a new "set-up" made and got it 359, a small mistake but like many other apparently inconsequential things, it caused considerable inconvenience, especially to these young folks, who were in a hurry to get married and on their way. However 'tis said "where there is a will there is a way" and these two young people were finally united in marriage by Rev. Hulme at his home, 859 Ardmore Avenue, Akron, Saturday, June 19th, 8:00 P. M.

Rain, rain, rain. Gardens in the vicinity of Darrowville and other places have been looking like small ponds this past week. Sweet cherries have been rotting as they ripen, though the later sour cherries are still in good condition. When will it stop raining?

Subscriptions. The lady who lives in Darrowville and takes subscriptions for our paper, The Community Church News, does a good deal of her canvassing on foot. Quite often in obtaining the subscription she is asked to return at some future date for the money. She would appreciate it very much if those of you who have subscribed in this way would lay aside the 50c for your subscription so that she will not have to make more than one trip in making the collection.
