## WHERE IS THE OLD-FASHIONED CHURCH, HOME?

The place where the preacher used to stop, where the latch-string was always on the outside, the home where the old folks were well on toward shadow-land, where the young generation carried on, milked cows, did chores, hitched the team and all rolled along to church. The old deacon nodded, closed one eye occasionally, the good wife used kerchief to remove little glistening moisture from her cheek, the daughter sang in the choir. The preacher had a half-dozen invitations for dinner.

There were a number of old-fashioned homes where wash basin and soap and a big wooden pump just outside where one could hang his coat on the grape arbor, and wash and splash and no harm was done. Now where is the old-fashioned church home? I am reading this evening in the Book of Second Kings, chapter four. And she said unto her husband, Behold, now I perceive that this is a holy man of God which passeth by us continually. Let us make a little chamber, I pray thee, on the wall and let us set for him there a bed and a table, and a stool, and a candlestick, and it shall be when he cometh to us that he shall turn in thither.

This little episode was nearly a thousand years before Christ. But the old-fashioned church home was in evidence a quarter of a century ago across the hills of Pennsylvania. The preacher's salary was quite modest, not extravagant at all, especially if it was a circuit he served. However, there was lots of fresh air, good drinking water, and the old-fashioned home with hickory cured ham and a big jug of buttermilk on the table.

I recall the great large bedroom, sheets white as the snow the odor of the pine tree just outside the window, or the new mown hay in the field.

The old-fashioned church home always had worship, that consisted of reading a chapter from the Bible and prayer before breakfast of sausage, apple-sauce and hot biscuits, oat-meal and cream. Now where is the old-fashioned church home?

Preacher, the deacon's wife often would say, we put a roll of butter and a couple of dozens of eggs and a dressed chicken in the basket, you will find it in the back of your buggy.

A circuit preacher generally had about three churches, they averaged \$150.00 to \$200.00 each per year. Five or six hundred dollars in money, two or three hams, butter, fruit for the picking, lots of good-will and a hearty welcome to the old-fashioned home, that was the annual income. God forbid that such fine stock should ever perish from the earth.

Moving are you, neighbor? Too bad, but we will just send a team and big wagon over and give you a lift. Moving vans, those big things that cost fifty to a hundred dollars for a moving, weren't made yet.

Doctors were all right when some one was unfortunate enough to break an arm or a leg, otherwise, the neighbors took a great interest in all sick folks.

Those were the days, those were the days, you just can't beat them. It was when the old-fashioned home was in vogue, when the old-fashioned church was the social center of the community, when protracted meeting was the one big event for the whole countryside. I recall father saying, as he contacted a pedestrian, are you a stranger in these parts? What is your name? And your business? Come along and turn in with us for the night. Such hospitality is out of place today, it featured though in the day of the old church home.

Gone are the dear old folks that

graced the old-fashioned home, gone are the home and the church of forty years ago. Gone is the one-horse shay, the team, the wagon and the way they used to do things. I guess it's all, all right, but a fellow has a feeling, it's hard to explain when he thinks of the old-fashioned church home.

**OUR BIBLE SCHOOL**

A Current Lesson Analysis

For July 4

The subject of the Third Quarter Course is, "God In The Making Of A Nation." The aim is to aid the student to appreciate the part that God plays in the making of either a nation or an individual personality. Many of the people who are too busy to go to Sunday School do not realize that God has anything to do with the forming of a nation or with the success or failure of their individual lives. They seem to think that there either is no God or that He has nothing to do with their destinies which are being forged upon earth. They say "I" and they say "mine" and they take the miracles of life

as a matter of course. The lessons of the Third Quarter have a wonderful message for this class of people. Most of them will not read this article so it is necessary to speak to them regarding the topic for the coming quarter and sell them the fact that it has a direct application in their own lives. If we are to bear fruit in the Kingdom of God we must face the fact that such contacts are necessary.

A ship without a rudder may look majestic, it may be loaded with precious cargo, it may be under full steam, but the Captain knows the steering wheel is useless. Men and women are the same in many respects. They look successful to the world and they appear to be prosperous and to be happy but the Captain of their soul knows they are headed straight for destruction. They are cut off from God. They say they don't need him. They claim to be able to lead their own life. They want no interference. They resent any interest you may have in their welfare. BUT—when they come to their deathbed nine out of every ten of these people send for a man of God and request that he pray. If a philosophy of life is good enough to live by it should be good enough to die by because any man's sense of fairness must tell him that he can be justified in death only by the manner of his living during life. If a man puts his trust in himself when he comes to die he has nothing left which he can possibly put his trust in. If these people who prefer to live without God are justified in their position why do they fear death?

You talk to people about the weather. You inquire, "How are you?" They think you a good neighbor for it but did you ever ask a man if he believes in eternal life? Ask him if he believes in the golden rule and he will probably reply that he does. He will also tell you the church and the Bible School are desirable factors in community life. Invite him to come and he will probably make excuses. The point is that he does not practice what he professes to

believe. Please realize how necessary it is that your faith in Jesus Christ finds expression in your daily contacts. Many have tried to pray and never have had an answered prayer. Won't you please help them? Show them that God is a factor in their lives and they will become interested in the lessons of the Third Quarter.

Mr. Swanson has a coat of tan. Says he got it planting potatoes. He even plants them in the rain we hear.

Children, grandchildren and great-grandchildren from Cleveland, Macedonia, and Fish Creek were Sunday callers on Father's Day at the home of Mr. and Mrs. Walter Beanie, Williamson road.

Most everyone has noticed the flowers in the urns out in front of the church. As usual Mr. "Al" Stein with the aid of the Silver Lake Florists is responsible.

Ritchie Road will soon be ahead of everyone else. Two new houses going up there now. One by Margaret Rickets and one by Butler next to John Goodenberger.

J. H. Harper and family of Memphis, Tenn. were visitors this last week in Stow. The plan is now that his brother Russell Harper and family of Diagonal road will return with them this week for a vacation.

Constable Chipps of Stow had to call in the Sheriff last week to help locate his own car which had been stolen. It seems two boys escaped from Lancaster took the car. The boys were soon caught and the car returned to Chipps.

Business, once in a while seems to be good for this man Wheeler of the Stow Hardware. He just sold P. R. Trent of East Kent Road two electric hot water heaters, an oil burner for the Invalid Home and one for the residence. The bill was around eleven hundred dollars.

Speaking of business being good, a five dollar ad appearing recently in the Community Church News brought business to the advertiser, that netted a profit of \$300.00. No, your guess is wrong it was not the ad for the Stow Fire Department.

Last Monday evening Mrs. Glenn Perham of West Arndale road left suddenly for the bedside of her mother, who is seriously ill at her home in Idaho.

Birthdays celebrated at Bible School last Sunday were those of Mrs. A. Johnson and Lucinda Marie Hinkle. oDnald Stein also had a birthday on Saturday of last week, but evidently does not believe in celebrating it at Bible School.

Last Sunday morning the Community Church congregation voted to hold Tabernacle Dedication services Sunday, July 18th. Dr. Noonlan, Evangelist friend of and former co-worker with Rev. Hulme, will be the speaker of the day.

Miss Betty Bishop sang a solo at last Sunday's morning service. Mr. Swanson announces that for the remainder of the summer or until further notice the regular Thursday evening choir practice will be discontinued. Special selections will be presented on each Sunday morning by individual members of the choir.

The leader of our Bible School Orchestra, Mr. Otis Maxwell, after coming down from Cleveland last Sunday at the rate of sixty-five miles per hour so as to be at Bible School at 9:30 A. M. found only about six sleepy folks present at that hour. Now we wonder if the

doors of heaven were to be closed at 9:30 A. M. some Sunday, would there be only six from Community Church Bible School present on the inside.

James Trent, son of Mr. and Mrs. P. R. Trent, East Kent Road, recently left for the Y. M. C. A. Camp Noah which is fourteen miles south of Akron. This is his fourth year at this camp and he was appointed Junior leader of four cabins and forty boys. About the middle of August he and twenty other boys will be taken to Canada to an Indian camp where

they will receive further instructions on camping and outdoor life. He will arrive back home on September 1st.

Last Sunday morning N. W. Biggs, Superintendent of the Bible School, appointed the picnic committee. C. H. Monteith is chairman. Committee members are Sanner, Olson, Stein, Lowe, Cross and Dan Carpenter with Miss Arlene Stein, Marlyn Mowrey, Betty Cross, Alice Shaffer and Carol Barch assisting. With such an outstanding committee we shall expect a great Bible School picnic.

Miss Marian M. King has resigned as librarian of the Stow Public Library and starting July 1st will be Librarian of the Lorain Public Library. She is a graduate of the University of Michigan and of the School of Library Science of Western Reserve University. Before coming to Stow in 1932 she was assistant in the Oberlin College Library. While in Stow Miss King made many friends who will be sorry to see her depart, but who wish her all success in her new position at Lorain.

How come? Clayt Ritchie of Ritchie Road, Stow, Ohio, says he hasn't been in Akron for several months past, yet, yesterday the day before or some other time recently he received a parking ticket through the mail, requesting him to pay a dollar to the Akron Traffic Department within 48 hours or be hauled up into court. Is this a joke, mistake or what?

It is Rev. Hulme's opinion that every human soul that has had the opportunity of salvation and has failed to accept it is lost.

Last Sunday morning our good Minister Rev. Hulme sermonized on "Helping Jesus Raise The Dead." The text for his sermon was taken from the story of Lazarus whom Jesus raised from the dead. The necessity for human cooperation in raising the dead is indicated when Jesus commanded those standing by the tomb to remove the stone from the entrance. God's work is done through human instrumentality. He requires our help to remove the stone. In Stow, and even among the respectable folk of Community Church there are many that are dead. Dead spiritually.

Now Rev. Hulme tells us that the stones in Stow that hold down the spiritually dead are, three:

First—the stone of Inconsistency. The dictionary defines inconsistency as being a difference between principal and practice. God never operates in an inconsistent life. Many church members are inconsistent. Second—another stone is Procrastination. Many there are who procrastinate. They put off for tomorrow what should be done today, and, tomorrow never comes. Sometime it will be too late to accept salvation. Third—the stone of non-committal. Many there be who will not be committed. For instance the business man who will join neither church because he fears that to be committed to one group will not be satisfactory with the other group, and consequently it might hurt his business.

If you want to help Jesus raise the dead in this Community the aforementioned are three stones to be removed, either from your grave

or the grave of a friend. Roll them away.

Last week Harold North, Richard Cundiff and Paul Monteith left for a vacation trip to Washington, D. C., Reading, Pa., and New York City. Now that they are back more details concerning their trip come to light. In the first place one evening last week we met Mrs. North and hubby in the Stow Hardware buying a new tub that is, a regular wash tub, not the kind the boys rode in on their trip. It seems Harold had worn out her other tub carrying junk. The secret is out. They collected and sold scrap iron, etc., etc., to help pay for their trip.

The boys Paul Monteith relates, left Stow on Monday, 3:30 A. M. and with only one flat tire after approximately eleven hours of driving they arrived in Washington at 2:45 that afternoon. Visited all

points of interest, attended one session of the Senate, and saw the Boy Scout Jamboree Camp from the top of the Washington Monument.

On trips, picnics and in fact most any time what one eats is important. And when you are out on your own, and away from home, you order the unusual, at least sometimes. In Washington it was blackberries and cream for Harold North while for the other boys it was ham and eggs. Harold probably thought of the generous helping of blackberries he had perhaps received at one of those famous River Road parties last year. But in Washington it's different. Had to look twice to find the berries.

After the Capitol City of the U. S. the boys left for Reading, Pa. and now another secret is out. Gasches, former Stowites, live in Reading. At this time Miss Pauline Faggert of Stow was visiting Miss Kay Gasche. The boys report a grand time here. On to New York where on Wednesday evening they met Cecil Rearick. Paul Monteith spent the night with "Cec." And can you imagine—both in a single bed. The other boys slept in a Flop House. Thurs-

day Mr. Rearick showed the boys New York City. They rode the subways, the elevated, visited Coney Island, the Statue of Liberty, Times Square, Radio City, Rockefeller Center.

### SOME CITY!

Richard Cundiff sunburned the roof of his mouth gaping at the skyscrapers. Never saw anything like it in Stow.

Back to Reading Thursday evening and on to Stow Friday. Arrived at North's at 10 p. m. at which time Mrs. North relates they made enough noise to wake the dead (or was it the neighbors?)

The following two items were received too late to be included in last week's paper.

Mr. and Mrs. C. T. Bortz of Kent, in company with their daughters, Mrs. A. N. McGrew, husband Newt and son Chester of Streetsborough, Mrs. Elizabeth Corley, son Bill of Fish Creek and granddaughter Mrs. Lyman Bosworth and sons of Kent, attended the funeral at the McFarlan Funeral Home Warren, Ohio of Mrs. J.
