March of Dimes Starts at 4 Today

Fourteen women and one man are poised to lead the Stow area Mothers March Thursday night starting at 4 o'clock.

County chairman Dorothy Horn, who lives in Stow, said the group hopes to raise more than the \$1400 which Stow contributed to the overall total of \$70,000 in Summit county last year.

Miss Horn also said that the Stow police department in Town hall will be the headquarters for the district drive Thursday, and that volunteer fire and police will help the Marchers in certain districts.

The Stow captains are: Mrs. Richard Carlyon of Kent road; Mrs. Ira Adams of Mapledale road; Mrs. David Luke of 4082 Leewood rd; Mrs. Kenneth Deacon of 3523 Kent road; Mr. William Riel of 4210 Darrow road; Mrs. Edith Smith of Orchard dr; Mrs. R. Whittington of 3667 Hudson rd;

Everyone Urged to Booster Meeting

Stow Athletic Boosters Club will hold its first meeting at Town Hall in the Police Room next Sunday, Jan. 31 at 2:30.

The new club, temporarily headed by Robert Packard, and having the support of Jack Jackson, Lowell Reed, Sr., Roy Leafgren (former professional baseball player), and many Stow businessmen, aims to help build up Stow's athletic program with financial aid as well as morale.

All interested people are invited - even urged - to come to Sunday's meeting.

Packard and his associates have made a thorough study of the operation of Boosters Clubs in other communities and are enthusiastic about what one can do for Stow children of all ages.

NO CAUSE FOR ALARM

Stow citizenry seems to have escaped, except for a few scattered cases, the flu germs which are causing such national anxiety. Even the usual number of cold infections that are prevalent at this time of year are running below normal. Harold Winkler, Stow Pharmacy, and Charles Weiss, assistant manager of Stow Standard Drug, report normal business activity.

P. I. Van Brunt, superintendent of schools, reports that a most minor percentage of teachers are ill or have been ill. Because this has been test schedule time and school activity has not been in its normal pattern, there was no way to check on the absolute absence of students. But the previous absences have been slight. Holy Family Catholic School reports there are absences but these are caused

by the seasonable measles and mumps.

Dr. Jeannette Woodring, director of nurses at Summit County Health Department, recommends the importance of being aware of illness when it starts and warns of the complications that might arise from illnesses that have not been taken care of properly in the beginning. Generally, Mrs. Woodring directs, "It is the overall care that an ill person receives on first becoming sick that is important."

"The cardinal rule upon becoming ill, when a fever develops, is to consult your physician. The patient should stay in bed and watch for any unusual signs. The headache, nausea, fever and cold congestion symptoms of flu may be confused with so many other types of illnesses. Drink plenty of fluids and remain in bed."

DOLLS OUT NUMBER HUMANS TEN TO ONE

Before and After: A German Bisque doll lies in a pathetic state. When repaired, she will look like the beauty of the 1800's standing beside her and Mrs. Bradley.

"There are about ten times as many dolls as people," estimates Stow's doll expert.

You are welcome to stop in the J. A. Bradley home at 1404 Ritchie Rd., where doll repair is a business as well as an interesting hobby. Broken dolls are made to look like new in a doll repair shop completely stocked with all kinds of parts, wigs, arms, legs, heads, and eyes (blue or brown). The customer may select any part, color or style to be used in the repair of her doll, for any broken part can be repaired or replaced.

The Bradleys turned their doll hobby into a business last spring, after years of collecting all kinds of dolls for their two daughters. Like all little girls they loved them and hated to part with them because they were in need of repair. Mr. Bradley maintains that it is often less expensive to repair a favorite doll than to replace

it. By keeping in touch with doll manufacturers he is able to obtain any part needed to restore a doll to its original beauty. Antique dolls, although in need of repair, are always restored to the original appearance to preserve the authenticity. One doll, old, broken and discarded in a barn for 40 years, was brought in for a complete repair job; even the owner couldn't believe his eyes when the job was finished for the doll was restored to its original beauty.

The closest estimate of the number of dolls in the Bradley collection, new and antique, is above 50. The oldest one is (cont. on p. 8)

NEW BOWLING RECORD

R. Markinson, rolling for Silver Lake Country Club Mixed League, Jan. 17, scored high series and high individual game in Sto-Kent Lanes history. He had 160-226-269, for a 655 series.

Whoa! Back Up!

I wrote an editorial last week that could have been misleading. It implied that Stow is eligible for Ohio State aid for construction of gymnasiums or new schools.

My information was incomplete. It seems that Stow may not be eligible. Weekly newspapers being what they are, I am writing this on Sunday, and won't have a chance to check the whole subject until after this has gone to press.

I don't enjoy eating my words. Even less do I want to print partial or non-truths. Next week I hope to have the whole story of State Aid ready for you.

Meanwhile, start figuring how else we can get a gymnasium for our town. Try to get to Town Hall this Sunday for the new Booster Club meeting. Maybe the start of the answer will be there!

LIBRARY OFFERS INVESTMENT SERVICE

Stow Public Library now has available for reference use a weekly investor's service from Moody's Industrials. This up-to-date stock report will show all the stock splits in all the United States companies.

Governing the library is a board of seven Stow citizens appointed by the school board. They are Mrs. Paul Mills, Eugene Mundorf, Mrs. E. J. Mackey, Judson C. Russell, Eldred Saviers, Frank S. Brown and Robert L. Buchtel.

A statistical report for 1959 shows library circulation to have increased 13,200 over the 1958 figure, bringing the new high to 62,946 total circulation, of which 22,175 were adult non-fiction, 12,810 were adult fiction, while juveniles borrowed 39,115 volumes. Records coming and going were 5,564 Long Plays and 591 in the 78 category.

The library collected \$1,400.29 in fines for overdue books, \$83.69 for lost books, and \$19.61 for reservation fees.

At the present time the record library is growing by leaps and bounds. Since January, 1959, 81 stereo records have been added to the wide collection which contains 1,143 Long Play records 218-78's, and 101 children's records waiting to be taken home and enjoyed by Stow youngsters.

Fri. Jan. 22 the following books were added to the Stow Public Library's list. After one week of display, they go into circulation.

Terry Talks of High

by Terry McIntyre

Bring out the sleds, the toboggans and the skates and be sure to dress warmly. Our winter weather is here at last. Isn't it nice? Everything is lost under this beautiful, white layer of cotton and snowmen are popping up in everyone's front yard. The best part is, now that exams are over, that we might be able to find a teensy bit of time to enjoy it.

Poor Mrs. Kaufman, our freshman and senior English teacher, has been the object of a lot of teasing since Wednesday of last week. That was the day she walked into school with her arm in a sling.

Rumor has it that she slipped on the ice just so she wouldn't have to grade the exams, but she says they will be graded nevertheless. She has been practicing

writing numbers with her left hand ever since.

Saturday morning, January 23, Mrs. Ranta's junior English classes, the senior play cast and anyone else who wanted to go, boarded a school bus and headed for Kent State University. They saw two plays dramatized by University students. The first was a three act play, the second was a musical comedy. In the two hours between plays our students ate lunch and roamed the campus.

Friday the journalism class sponsored an after game dance. It was the first Friday home game. Tomorrow, January 29, the National Honor Society is sponsoring the dance. I'll see all of you there.

The New March of Dimes, besides continuing its campaign against Polio, has spread into the fields of childhood birth defects and arthritis and virus diseases this year.

First Christian Church of Stow joins in National Observance of Youth Week with an all-youth worship service Sunday morning at 10:45. Linda Seese, Robert Cueni, and Donald Gray, senior members of Christian Youth Fellowship, will each speak on phases of the general theme, "Love Him, Serve Him." Also participating actively in the service will be CYF representatives Linda Reed and James Cowles, while from the Chi Rho Junior high group, Ruthann Merrell, Maryann Baer, Kip Kiski and Charles Hoskinson will have important parts.

Music for the service will be provided by the Youth Choir with Parke W. Cooley directing and Mrs. Edward Davis at the organ.

Reverend Theodore Cord, minister, emphasises the fact that this service is not just for young people, but for all adults as well. "In a day when American youth receives so much criticism, it is well to encourage the larger percentage of teenagers, who are rendering a real contribution to the church."

Chapter 6, Woman's Auxiliary of St. John's Episcopal Church, is having a Smorgasbord luncheon and card party in the Parish Hall on Wednesday, Feb. 10 at 12:30. Further information may be obtained from Mrs. Helen Hoskins, OV 8-3759 or Kay Peterson, OV 8-4780.

The meeting last Thursday of Circle 9 of Holy Family Parish turned out to be a surprise party in honor of Mrs. William Keller, 3481 Adaline Dr., who expects her tenth child early in February.

Holy Name Society of Holy Family met last night in the school gym. The program was a movie entitled, "Do You Have Trouble Saying What You Mean?" The business meeting was conducted by Murray Powers, president.

Wed. Feb. 10th will be the next meeting of the Altar and Rosary Society at 8:00 p.m. in the school hall. Mrs. William Keller, program chairman, has announced that in conjunction with Catholic Press month, Mrs. W. P. Mills, a member of the Stow Public Library Board, will be the guest speaker.

The Credit Union of Holy Family parish in Stow, held their 5th annual election of officers at a dinner meeting at the Rainbow Restaurant in Kent, Ohio Thursday Jan. 21. Twenty-four of the four hundred members attended the affair. Mr. Thomas Dailey was the chairman for the dinner, assisted by Mr. Frank Freis and Mr. Paul Finan.

Newly-elected officers taking over for 1960 are as follows: Mr. Edward Schmitt, president; Mr. Paul Finan, vice president; Mr. Joseph Wojno, sec. treas.; Mr. Thomas Dailey, asst. treas.;

Red hearts and silver darts will provide a rich warm decor for the ballroom at the University Club Feb. 6, at Holy Family's Hearts and Darts Ball. Angelic little cupids will perch atop individual arrangements used to brighten all the tables. Gentlemen will all receive the traditional boutonnières.

Mrs. William Koehler heads the decorating committee assisted by Mrs. Elmer Walter, Mrs. Howard Schulz and Mrs. Peter Brezovsky. Invitations are the responsibility of Mrs. Albert Colpo assisted by Mrs. C. J. Crock and Mrs. John O'Brien. Mrs. Robert Freeman will direct publicity with Mr. Gene Donatelli assisting.

A pre-dance party is being by Mr. and Mrs. James Nestor and Mr. and Mrs. Robert Near, who will incorporate their party at the Nestor residence, 3054 N. Oakhill Rd. Other hosts of before-the-dance gatherings include Mr. and Mrs. L. A. Barnes of Adaline Dr., and Mr. and Mrs. David Walker, of Liberty Rd.

The annual Ball is jointly sponsored by the Altar and Rosary and Holy Name Societies of the parish with Mrs. Robert Burns and Mr. C. J. Crock as co-chairmen, and is open to all parishioners and their friends.

Mr. and Mrs. Wm. W. Mate, 1812 Ritchie Rd., are home from three weeks in Florida. Mrs. Mate reports beautiful

weather, daily golf, and marvelous food. "I look out the window and see the snow here, and just pretend it's nice white sand," she said. But it doesn't feel quite the same on bare feet!

A/3C Curtis C. Moore is home on a two-week leave from Lackland Air Force Base, Texas. After his leave, he will join the Medical Administration at Gunter, Ala. He is the son of Mr. and Mrs. Ormond K. Moore, 1472 Hibbard Dr.

Mrs. Ruthe Holden was pleasantly surprised on Sunday, January 17th, as her daughter and son-in-law, Mr. and Mrs. Richard Roe of Kent, entertained at a family dinner in honor of her birthday. Present were Mr. and Mrs. James Hartley (Barbara Holden) and son Chris, Mr. and Mrs. Ross R. Holden, and Ronnie Holden and the Roe's two small daughters Tammie, and Terri.

Tomorrow, Jan. 29, marks a birthday for Clair Olson, head of our Stow Post Office. His family, including his wife and two sons, plan taking him out to dinner to celebrate. Olsons just moved into their new Hawthorne Avenue home last week. (Shall we tell you Clair's age? Aw, he won't care - it'll be 42!)

Dannijoe Peterson had to paint his entry for the Matchbox Derby held by Indian Guides while in a bed. Dannijoe has been down with the flu or virus, but didn't want his car left out of the running.

CAPTAIN WILLIAM STOW

This William Stow was the 6th generation from the John Stow who lived in Biddenton, Kent county, England. Our line from him goes like this: 2nd generation, John. (I won't bother you with the dates.) John came to New England with his wife and six children in the ship

Elizabeth. It landed May 17, 1634.

3rd generation - Thomas lived in Middletown. There is much in the Colonial records regarding

these Stows.

4th generation - Joseph.

5th generation - Zebulun. He was a sea captain.

6th generation - Zeb's son, William, was the emigrant to Stow Township. He also was a sailor and sea captain. I have told something of him in my stories of his wife, Peggy Gaylord, and of his son, Albert. I think he never farmed his big farm at Munroe Falls.

He was a skilled ship carpenter and worked at his trade in Old Portage and the village of Cleveland. He and some of his Gaylord relations walked each week from their homes in Munroe Falls to their work in Cleveland.

Captain Stow commanded his own ship in the battle on Lake Erie when Perry won his famous victory over the English.

I have said that Peggy was slender and lively. From the little photograph his great-great-grandson, Wilford Bixler, has of him and Peggy, William was quite short and heavy set.

We know that he was quiet

and sober. Very strict in the bringing up of his big family. He was well thought of in Cleveland.

His wife's sister, Betsy Gaylord, (one of the twins) married Leonard Case, Sr., of Cleveland. The marriage was in William Stow's log cabin at Munroe Falls. Mr. Case and his wife were the parents of Leonard Case, Jr., the wealthy philanthropist to whom Cleveland owes many gifts. We know comparatively little of the home life of these ancestors of ours.

My mother, Ellen Stow, told me only this one story of him. When she was a little girl she was sitting at the table with her grandparents. She had her knife in one hand, her fork in the other. Involuntarily, she threw up her hands to brush the hair from her face.

Her grandfather sternly said, "Ellen, don't let me ever see you do that again!"

My grandfather, Albert Stow, told me that his father gave him this pungent advice: "Albert, keep about while you are about!"

The boy certainly tried hard. He was nearly 98 years old when he went. He was chopping wood on the pile a few days before he died.

Rhinestone tiaras were the crowns and gardenias the corsages for two queens, Mrs. Rita Kontra and Mrs. Mildred White at the annual recognition ceremony of Stow, Ton o' Fun T.O.P.S. Club, January 13.

Mrs. Dorothy Dearth received a corsage for placing as runner-up in the contest for the greatest weight loss during 1959.

Ton o' Fun holds open membership for anyone wishing to lose weight. Guests are welcome at the meetings, held every Friday evening at 7:30. Mrs. H. R. VanOss, 3055 Lake Rd., will hostess the next meeting and may be called for further information at OV 8-3560.

Tallmadge fouls Bill Westgate

Last Friday night neighboring Tallmadge scored a 71-50 victory over Stow's Bulldogs. Tallmadge ran up a decisive lead in the first half due to the sharp-shooting of Carver and Williamson.

The second half proved to be an even struggle but the damage had been done.

This writer would like to point out that previous remarks about the poor gymnasium facilities were not meant to be alibies for the team.

However I do wish to emphasize the fact that future plans for Stow should include a new gym.

Also I was happy to note that the gym lighting had been repaired as of last week.

I am aware that such projects

as new gymnasiums are not consummated over night. However, as long as we are all in accord on what should and must be done in the future I think our problems are much smaller.

The state of the Bulldog basketball team exists as it is because of certain physical handicaps—namely lack of height, experience, and ability. These

are due partly to a lack of proper training facilities but not entirely.

On the brighter side it is not inconceivable to predict that by next year Coach Soonhalter will be able to floor a well seasoned group that will be capable of winning many more games than at present.

Time is important in the production of a fine student mentally and physically. Our time will come.

Holy Family's basketball team marked up another victory Saturday when they beat St. Peters' 37-17. Tom Schmitt scored 14 points; Bob Martin 11; Lenny Nalencz, 4; Bill Gassle, 4; Ray Habyan, 2; and Bill McMille, 2.

A newly formed group of eighth grade cheerleaders, led by Elizabeth Bender, may have helped the victory along. On the cheering roster are Elizabeth Bedell, Ann Buckley, Elizabeth Cheslock, Jackie Lucas, Vickie Botz, Janet Wilmott and Sandra Swift.

Next Saturday's game is against St. Hedwig's of Akron, and will be at St. Vincent's Field House.

NEW POST FOR STOWITE

WHAT'S BEEN GOING ON HERE?

DOLLS (cont. from p. 1)

an original French BeBe Jumeau, a boy doll, which was purchased in Cleveland from a collector, and is worth \$150 to \$200 as it dates back to 1870. You really have to see this collectors' gem to appreciate its true beauty.

Bradley's collection also boasts an original German Minerva doll dating back to the period between 1800 and 1900, and several genuine Bye-Lo dolls with the German bisque head. These baby dolls were designed and created by Grace Story Putman in the early 20's. She haunted the nurseries of some of the country's leading hospitals trying to reproduce an exact copy of a tiny newborn infant face to be joined with the stuffed, curled up legs of the Bye-Lo doll.

Another most unusual doll in the Bradley's collection is an original German Prince Otto doll, having a bisque head and a baby-type composition body. It's ten inches tall. Prince Otto, of course, was the son of the Emperor Kaiser Wilhelm. The child's deformity, a crippled hand and shoulder, was made into the doll. After the emperor discovered this, he forbade the continued manufacture of the doll, but a few had

already been sold. Mr. and Mrs. Bradley feel fortunate to have one in their collection.

It was interesting to learn also that the dolls made before 1880 had closed mouths after that date they began to smile and show teeth. The eye tray was quite fascinating, all types and styles of doll eyes. Some were called "paper-weight eyes" because they are the stationary type that resemble a paper weight. (Some even have long curly lashes).

The 1959 Christmas dolls are one month old this month and already Mr. Bradley has had many visit his shop for a repair job. Of course the busiest doll repair season is two months before Christmas.

Mr. Bradley fills in all his spare moments with his doll repair hobby when not at Good-year Tire and Rubber Co. working as a supervisor in engineering. This is a hobby Mr. and Mrs. Bradley share together and enjoy in the comforts of their home. They have two daughters and two sons, all are grown and married except the youngest son who is a junior at Stow High.

Maybe you would be interested in joining a doll club. Some are being formed now through the Bradley's Doll Repair.

Bebe Jumeau, original French doll of 1870, stands on Mr. Bradley's workbench. One of his ears is pierced in the style of his period.

PERSONALS (cont. from p. 4)

A surprise housewarming party was "sprung" on the W. P. McCanns, Jan. 23, by some close friends. We wish a speedy recovery to Mrs. McCann (Thelma) who was to undergo major surgery at Akron City Hospital today.

Eileen Slattery, daughter of Mr. and Mrs. F. P. Slattery, 3646 Adaline Dr., is recovering from an attack of mononucleosis.

Stow residents who recently served on the Petit Jury of Summit County Common Pleas Court for a three week period are James Biasella, 3764 Elm Rd., Jerome Haas, 3546 Adaline Dr., and Mrs. H. S. Dougherty, 3421 Adaline Dr., Mrs. Joseph Hromco, 3492 Adaline Dr., recently served on the Grand Jury.

Mr. and Mrs. Eugene Donatell and family are moving from 3640 Adaline Dr. to a newly built home at 3131 Englewood Dr. on Feb. 12.

The Leo Muckenstrum family has its hands full — three children went en masse to Children's Hospital last week for T & A's (tonsils and adenoids). Sandy, 16 year old daughter, escaped only because she'd had hers out years ago, but Theresa, 5, Mark, 4, and Gary, 10, went through their ordeal together. Three birthdays in the family during the following ten days didn't hurt too much, as ice cream is famous for de-tonsilled throats.

MASQUERS FARCE OPENS AT BREATHNACH

Falls Masquers open their new two-act comedy, WAKE UP, DARLING by Alex Gottlieb at Breathnach Country Club tomorrow, Jan. 29 at 8:30 p.m. The sophisticated farce is directed by long time Masquer, Bob Swan in his first directorial assignment, assisted by Hank Petroski.

Here's What Goes into a Prescription.....

You give the pharmacist a piece of paper. A little while later, he hands you a package of medication. What you get for your money is not just a bottle of tablets or capsules or liquid. It's a great deal more. As follows:

Research

Thousands of man-hours and millions of dollars have been expended by the manufacturer to find the drug that will do exactly the job the doctor wants done. For every 20 drugs tested at great expense, only one usually turns out right. Only after research...in the test tube, on animals, on human patients...is the product ready to go.

Production

To mass-produce today's wonder drugs...so that all who need them may have them...requires fantastically complex equipment.

Availability

The finest drug in the world is useless if it's not available to the person who needs it - when he needs it. To deliver the newest drugs to every city and hamlet - overnight! - the drug industry maintains a highly organized distribution network.

Dispensing

To make sure he learns how to dispense your medication safely and accurately, the law requires your pharmacist to undergo 5 years or more of rigorous, costly education and training.

To do his job right, he must then invest thousands of dollars in stocking at least 3,000 different drugs, many of them rarely called for.

Those are some of the things you get when you pay for a prescription.
