

COMMITTEE TO STUDY EDUCATION PROBLEMS

A Citizens Committee for Education has just been formed for the purpose of studying any educational problems which may arise in Stow. One immediate job on its agenda is to acquaint everyone in the Stow School district with all the facts surrounding the upcoming bond issue for building a new elementary school at Call and Fish Creek Roads.

There have been similar committees in the past, formed for special purposes, which have disbanded after the particular reasons for them became outdated.

This committee is to be a continuing one, hoping to act as a permanent liaison group between the general public and the school board, improving communications which grow more difficult as the population grows.

Participating members of the committee to date are: C. J. Dodd, chairman; Howard Klesa, secretary-treasurer; Mrs. William Kaufmann, who is president of Stow High PTA; Mrs. C. R. MacIntyre, president of Highland PTA; Mrs. Kenneth Schlessner, president of Riverview PTA; Wallace Chisman, head of adult education for Community Council; James Exline, president of Community Council; Mrs. T. G. Alexander, Garden Forum's representative to Community Council; Robert Reynolds, immediate past president of Community Council; Norman Russell, chairman of a previous citizens' committee.

Anyone with any question concerning public education is urged to contact one of these committee members for an answer. Questions arising repeatedly will be published, with the answers, in a special column in The Stow Press. First such column is on page 2 of this issue.

STOW PLAYERS TO STAGE 'THE BISHOP'S MANTLE'

Studying his part as a minister for "The Bishop's Mantle" is Leo Landoll. This is a switch (no pun) - Leo was chief electrician of Stow Players' last show.

Stow Players Inc.'s spring production has been cast and rehearsals are underway. The three-act play "The Bishop's Mantle", based on a novel written by Agnes Sligh Turnbull, will be directed by Clara Hibbard.

Leo Landoll has been chosen to play the leading role of the young minister, Hilary Laurens.

Others in the cast will be M. J. Higgins, Bill McCutcheon, John H. Buckley, Lu Martin, Beverly McDonald Estelle Snyder, Betty Jayne Powell, Mary Frasca, Jacques Vogel, Mary Barnes and Lorene Hibbard.

Technical Director will be W. P. McCann; business manager, Mrs. M. J. Higgins; bookholder, Mrs. W. P. McCann; ticket chairman, Mrs. Leo Landoll.

The play will be staged in the Players Room of Village Hall on May 4, 5, 11, 12, 18 and 19.

HONEY BEES CONDUCT SALE

Conducting a bake sale for the benefit of a 4-H camper, are the Stow Honey Bees, 4-H Club under the leadership of Dawn Butler. Holding the cake are Debrah Butler, left, and

John McKeever. Back row, left to right, are Miss Butler, Tom Huntsman, Barbara Edwards and Richard Pfife. The bake sale was held last Saturday at Co-op Supermarket in Stow Plaza.

Captain Harper Stresses Courtesy

POLICE CAPTAIN PHOTOGRAPHS
FOR CRIME DEDUCTION

By Nancy Lee Riney

"No matter what the situation may be.....or under what circumstances.....each member of Stow police must be well groomed and courteous," Captain Ronald Harper, Stow Police Department emphasizes. "I'm very proud of every man, including the 'specials', who work for me. We stress neat appearance and courtesy at all times."

"When dealing with the public there is never the slightest reason for any patrolman's discourtesy," Captain Harper affirms. "If a patrolman finds it is necessary to issue a citation.....there is no need for a lecture. If a talking-to or a warning is necessitated.....then there should be no citation. Here in Stow, courtesy is emphasized at all times."

Captain and Mrs. Harper (Donna) live in Maplewood Park at 3950 Osage Street with Captain Harper's two foster children, Larry, 10, and David, eight, and Donna and Ronald's own two sons, Ronnie, Jr., three, and Jeff, eight months. The Harpers are members of the Stow Church of Christ. Both adult Harpers are bowling enthusiasts.

After graduating from Cleveland Wade Park High School Captain Harper joined the armed forces and served for 4½ years, of which 3½ years was spent with the Criminal Investigating Department of US Army. He came to work for the Summit County Sheriff's Office until Stow Police Department was formed, in which he was the first patrolman. Donna is a life-long resident of Stow.

Photography has been a prime interest of Captain Harper's since his youth. When Stow's Building, Zoning and Road Departments, under Joe Hale, Service director, needed a photographer, Captain Harper volunteered. His interest in taking photographs was piqued when the village secured a camera. Now he assists Stow Police by taking all photographs used in crime deductions.

Along with this photography, Captain Harper's job has many angles. He is in charge of all Stow Police personnel and the guidance and direction of this personnel. He is in charge of job assignments, conduct and discipline of his staff. He is in charge of the radar patrol. He supervises the Stow Police School.

Stow never had a more versatile shadow. To accompany the Captain on a week's tour of active duty would make a Don Knotts out of a less versatile man.

(Cont. on p. 7)

Captain Ronald Harper at his desk in Police Headquarters, Town Hall.

DOG OBEDIENCE CLASS POPULAR

Maybe you have been wondering how the Adult Education Program at Stow High is faring? The enrollment, according to Stow Jr. High School principal, Gene Dominic, includes 92 registrations, which is considered a successful semester attendance. Of these, 17 persons and their dogs are attending Dog Obedience classes taught by Jim Thompson on Thursday evenings at the high school. This course proved to be the most popular.

Other subjects being taught in this program are: typing, flower arranging, interior decorating, investments, and sewing.

A lack of interest in the following subjects offered, forced the cancellation of classes in bridge, law for the Layman, Slide Rule, Ceramics and Home Repair for Women. There was a minimum of 8 students required for each class.

Stow Community Council plans to sponsor another Adult Education program next October.

Town Hall

Stow Village Council Meeting, March 24, 1960.

Council's Planning Committee recommended Ordinance 36, containing several changes in the zoning ordinance. After the first reading, it was referred immediately to the Planning Commission, which happened to be meeting at the same time at Village Hall. The Planning Commission sent it back to Council the same evening, recommending its passage.

The ordinance would eliminate the R-3 Residence District, and change R-1 and R-2 Residence Districts from a minimum lot area of 40,000 and 20,000 to 30,000 and 15,000 square feet, respectively. Changes in special compliance sections of the ordinance call for a minimum lot area of 12,000 square feet, including a building line width of 100 feet and front yard depth of 50 feet from street line in R-1 Residence Districts. R-2 districts would require a minimum lot area of 12,000 square feet with a building line of 80 feet, and a front yard depth of 40 feet from the street line.

Public hearing on this ordinance has been set for April 28 at 7 p.m. at Town Hall.

Council accepted Shullo Construction Co.'s bid for flexible

type pavement for Commerce Dr., the new road through Industrial Park. Bid was \$111,727.68.

A sidewalk strip on Commerce Dr. was provided for by resolution passed as emergency measure.

An ordinance was passed appointing personnel for police department radio dispatching.

Police Sgt. Flavel received an increase in salary from \$4800 to \$4980 annually, when Council passed Ordinance 37.

Swimming Pools Must Be Fenced

Council passed as an emergency measure an ordinance requiring permits and inspection fees (\$25) for constructing outdoor swimming pools, and requiring a 4-ft. high fence surrounding each pool.

Second reading was heard of the snow removal ordinance.

Planning Committee of Council referred a petition for rezoning to retail zoning, the Calco property just west of present retail land (Sto-Ken Golf Range), to the Planning Commission.

Special Police Appointed

Mayor Charles Monteith announced appointment of Lawrence Miller and Robert Hall as special policemen.

schools, they should have assurance that the needs of the high school youth are being met.

A high school must be built as a high school to be really first rate. Converted school buildings are just that - inefficient and never up to par.

Plans - definite plans - including site, an expandable building plan, etc. should be announced. Early plans, early purchase of sites could save thousands in land values later.

The citizens will know where they stand, students will have something to look forward to and teachers will be encouraged to stay at Stow. Let's Plan Ahead!

Ajax

READERS LETTERS

To the Editor:

Stow's Schools need planning! Again this spring, Stow voters are asked to vote a bond issue to build an elementary school. Schools already built are earmarked for elementary, changed to Jr. High, and are talked of as eventually being used for a high school.

It's time the Board of Education of a growing Stow cease month by month planning and plan 5 - 10 - 20 years in advance.

Many citizens of Stow want a new high school. They will pay for it if given the chance. Before they approve continuous bond issues for more elementary

Is The Answer To Your School Question Here?

This column will be used weekly for questions from the public concerning any phase of public education. The answers will be provided by the newly formed Citizens Committee for Education. You are encouraged to send questions to The Stow Press, unsigned, if you prefer. The Press will turn them over, without signatures in any case, to the Committee.

Question: Why aren't present elementary schools enlarged instead of new ones being built?

Answer: A comprehensive survey of the State of Ohio shows the 20-room elementary building is the most efficient and most popular unit.

Question: What is Lakeview School on Graham Rd. to be used for?

Answer: The present planning for Lakeview School is to house the seventh grade.

Question: Why is the Board of Education asking for funds to build another elementary school instead of building more on Lakeview School to be a converted high school?

Answer: A little over two years ago Lakeview School building was evaluated as an upper elementary building with the knowledge that it was only part of a complete building. In this immediate section, several additional housing developments have come into being and the lower elementary element has grown faster than anticipated.

Lakeview, operating in conjunction with the high school, can house 1410 pupils normally.

Actually, the enrollment for this area will be about 1400 in September, 1960.

At the lower elementary levels the three buildings together have a capacity of 1770, but there will be about 1400 in September, 1960. By September, 1961, the earliest date a new building could be ready, if voted on in May, 1960, the elementary enrollment will be 2100, some 330 above capacity.

To wait until November, 1960, to vote this elementary building would mean one full year later completion date.

'MR. SOFTIE' IS STRONG ON SAFETY

By Kathy Martin

Bill Peters and Jerry Stranathan are proud of the company they represent... custard stands on wheels, known intimately in Maplewood Park especially, as "Mr. Softie."

A business with a conscience - or public relations with civic welfare at heart - whichever way you look at it, "Mr. Softie" dispenses goodwill right along with its frozen custard.

Safety Clubs for Children

Custard stands on wheels carry out a "Safety for Children" program stressed by specially trained drivers, for as the truck represents a special treat and is welcomed by children of all ages, there is a real opportunity for Mr. Softie to teach safety.

Throughout the world-wide chain, safety clubs have been formed, making each child customer aware of the simple rules of safety. On special "change envelopes" used for change return, safety rules are printed. Membership buttons and cards are given out with a variety of soda fountain treats. Special curb-side windows make it compulsory for children to be served from the curb rather than the street. Drivers instruct children in traffic safety at every opportunity.

Ready to Help in Emergency

Each truck is a recognized emergency unit for Civil Defense. In case of disaster, because each truck is fully equipped with a 10,000 watt portable type generator, this power could be used for flood light service or to light 10 homes. There is also a 40 gallon supply of uncontaminated hot or cold water and hot water heater. Each deep freeze unit, plus refrigerator space, could transport many pounds of food and medicine to any stricken area. Multiply this help by the 38 such equipped trucks in this area alone and the usefulness of this equipment for Civil Defense purposes becomes impressive.

William Peters, 3275 Patty Ann Dr., is the "man behind Mr. Softie" in the northeastern Ohio district. Once, but no longer, a spare time job with Peters, he admits now he has little time for any thing else.

Jerry Stranathan serves a couple of boys who like frozen treats even when the ground is frozen.

Peters, a Stow resident since 1955, is a graduate of Akron's North High. He served as Aerial Machinist in the navy in W.W. II. His wife, Joan, manages the Stow Queen frozen custard stand on Kent Rd. during warmer weather. They have two daughters, 11 and 9 years old.

"Mr. Softie is only 5 years old," Peters says proudly, "but already it's an international concern. England, the continent, even Puerto Rico and Hawaii have requested trucks."

Jerry Stranathan, who lives with his mother, Mrs. Anna Stranathan, in an efficient trailer on Orchard Dr., is the Stow driver who spends part of every day in Maplewood Park, summer and winter. He's worked with Bill Peters for five seasons, two on the Mr. Softie truck. Jerry is a Stow High graduate of 1958.

"The children really pay attention to our safety rules," he says. "We won't let the little ones cross the street to get a cone. We tell them to get their mothers first, as we can't leave the trucks to take anything to them."

"We even have specially made large mirrors on the front of each truck, so there's no danger that a child could be close to the front where we couldn't see him when we started up."

Jerry hopes to have his own Mr. Softie truck one of these days. Meanwhile he has a satisfying job, giving pleasure and safety lessons to many youngsters simultaneously.

Terry Talks of High

by Terry McIntyre

March 30 was, more or less, a free day for the teachers. Although they were required to check in and check out, they were relieved of their teaching duties. Wednesday was Senior Day. The one day that gives the entire senior class an opportunity to display their acquired

maturity and adult ways. Every senior who desires such, is given a class to teach. Mr. Barr, Mr. Costen, and Mrs. Anderson's jobs were taken over by class officers. Much to

the disappointment of many seniors, but following the annual rule, they went to regular classes when they weren't teaching or conducting a study hall.

The Norton High School Future Teachers started something new this year. They planned a visitors' night, which will consist mostly of a panel discussion followed by refreshments. Stow's F.T.A. has the pleasure of being their first group of visitors.

It's scholarship time again, but these tests are a little different. A student may pick the subject he wants to be tested on. The tests to be given here Thursday are: English IX, X, XI or XII. American History, World History, Spanish I or II, Latin I or II, General Science, Physics, Chemistry, Biology, Bookkeeping,

Algebra I, Advanced Algebra, or Plane Geometry.

Tomorrow, the Kent State University Choir is coming. I will tell you more about them next week.

CLUB NEWS

Stow Players, Inc., will meet in the Players Room of Village Hall Tuesday, April 5, at 8:30 p.m. Robert E. Vogel will conduct a special workshop program designed to interest all members.

Stow Culture Club will hear Mrs. C. R. Augden, the choir director of Silver Lake Church, present a reading, "The Easter Story" when they meet Thursday, April 7 at 1:30 p.m. in the First Christian Church.

Mrs. K. L. Downing will furnish background accompaniment for the reading.

Mrs. Oliver Witwer and her committee will serve tea following the meeting.

Kadesh Court Will Honor Olive Harrington

Olive M. Harrington, wife of Dr. Kent H. Harrington, 3355 Lakeview Blvd., will be honored to serve one year as High Priestess of the Kadesh Court of the Ladies Oriental Shrine of North America at an impressive installation ceremony to be held Wednesday, April 6, following a banquet at the Masonic Temple in Akron.

For the past five years Mrs. Harrington has been actively moving up through the chairs of honor in this court of 900 members, all wives of members of the Tadmor Shrine Temple, which recently celebrated a 35th Anniversary. There are 73 such courts including those in Hawaii, Canada and the United States.

To Attend Grand Council in May

Dr. and Mrs. Harrington plan to leave Stow early in May. He will visit friends while she attends Grand Council, held in San Francisco the last week of May. The 73 courts will be represented. Attending from the Kadesh Court with Olive will be three other officers plus 24 members of the Ladies Patrol, who will participate in various drills. During Grand Council, Georgia Hergt, Reed of the Tarum Court of the Indianapolis area will be installed to the very highest position as Grand High Priestess.

Helping Crippled Children

The most important project of the court has been sewing children's clothing, making diapers, bibs, bed pads, to be sent to the 17 different Hospitals specially set up by the Shriners to take care of crippled children who can be helped, regardless of their color or creed. All expenses and personal needs are

Mrs. Kent W. Harrington includes embroidery painting among her many hobbies.

taken care of by the Masonic groups. The wives, doing their part to help, send much of the toys and clothing for these children during the year, especially toys at Christmastime. Much of this volunteer work is completed through many working members of the Sewing Circle of the Eastern Star of Cuyahoga Falls, which Mrs. Harrington has helped for many years.

Most of these children in need of physical help for their crippled bodies from this area are sent to the special Masonic hospital in Lexington, Kentucky; over 53 such youngsters have been sent from this Akron area.

Olive was a first grade teacher here in Stow for 17 consecutive years, but has been a school teacher for 27 years of her life. Working with children has been a life-long interest. Although she no longer teaches, finds satisfaction in helping these crippled children through her active work in the Kadesh Court.

Mr. and Mrs. Harrington have a son and a daughter. Her son, Earl Griffith, Stow-Hi Grad '45 lives in Archbold, Ohio, is married, has three children and plans to be here for the impressive installation ceremony on April 6. Dr. Harrington's daughter, the former Melba Harrington, now Mrs. Harold Roeder, graduate of Stow High Class of '48, has been living in Germany while her husband serves the U.S. Army but plans to be back in July.

Olive has been helping her Doctor husband as receptionist at his office, 632 E. Market St. in Akron but plans to retire very soon from this position.

Along with active membership in Nehta Chapter of Eastern Star in North Hill. Olive is also a charter member of the Overdale Garden Club in Stow and a member of the Cuyahoga Falls Methodist Church.

Mabel Shaffer, (Mrs. Russell), 150 Munroe Falls Ave., and the Elmer Frys, 3666 Darrow Rd., toured to New York for a delightful long weekend with the recent Kent State University planned trip.

Mabel's memories of the trip will feature "My Fair Lady", Radio City, seeing herself on closed circuit TV, a visit to the United Nations Bldg., to Chinatown, where she bought herself a pair of jade earrings to remember it by. She'll not forget the druggist, either, who steered her to getting a needed prescription from a petite Chinese woman doctor at a hospital instead of to a high-priced private physician. (Did she tell him she worked for Stow Pharmacy?)

The Frys took special pleasure in the Guggenheim Museum of Modern Art, a new building designed by Harold Lloyd Wright, "very different and very beautiful", according to Mrs. Frys.

This was their second Kent State tour of New York, so they saw some different places this time. Took in Dodie Goodman's off-Broadway musical, "Parade", and the Museum of Natural History. Frys went in a party of six with the Joseph McLeland of Cuyahoga Falls and the William Watsons of Tallmadge.

Howard Price, long time Stow resident who has been living with his wife in California, has been quite ill lately. His daughter, Mrs. Grace Allison, 3466 S. Sanford Ave., reports he is so very much cheered by mail from Stow, that a card or note from those of you who know him will be very much appreciated. The address is 2160 Atlantic Ave., Long Beach 6, California.

Stork Club

Mr. and Mrs. John J. Lux, 3571 Adaline Dr., welcomed a third son, (6 lbs. 4 oz.) on March 21.

Mr. and Mrs. Jack G. Wahl, 3776 North View Rd., spent last weekend visiting friends in Springfield, Ohio, and attended the basketball tournament at Ohio State in Columbus.

PLAN CHARTER DINNER-DANCE

Stow Jay Cees will receive their charter on April 27 at a dinner-dance at the Smorgasbord at 6:30 p.m.

President Robert Hershey of Ohio Jay Cees will be the featured speaker and will present the charter to Stow President Dick Phillips.

Friends of the Stow Jay Cees chapter are invited to attend, and for reservations should contact George Preston, chairman, OV 8-5681.

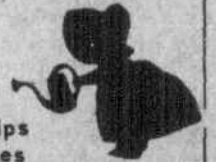

At the March 21 meeting, James Lockard was named membership committee chairman and Dick Croell, publicity chairman.

Stow Jay Cees are still open to new members. Meetings are first Wednesdays and third Mondays of each month. Anyone interested in joining the group should contact Lockard at OV 8-5739.

BEECH CHORISTERS TO SING AT STOW MISSIONARY CHAPEL

Stow Missionary Chapel will be host to the Beech Mennonite Chorus of Louisville, Ohio, Sunday evening, April 3. The chorus is directed by Eugene Hershburger.

Featured on the same program will be Dr. Delmar Olson of Kent State University who will show colored pictures of Easter in the Philippines. The program begins at 7:30 p.m.

Munroe Falls Pipeline

Ladies Auxiliary to Hold Auction

The Ladies Auxiliary of the Munroe Falls Fire Department will hold Guest Night and members are asked to bring articles wrapped for auction for the April meeting, to be held, Wednesday, April 8, at 7:30, at the Fire Station. Hostesses will be Mrs. Daniel Dove, Mrs. Milt Helming and Mrs. Earl Wilson. The Summit County meeting was held March 23, at Northampton, and in May Twinsburg will play host to the fourteen members of the County Auxiliaries. Mrs. Melvin Schneider wishes it known that she is accepting articles for rummage at any time at her home, 178 Northmoreland, where she will hold her annual Rummage Sale, for two days, Friday and Saturday, July 15 and 16. Anyone having items to be given should call Mrs. Schneider at OV 8-3239, and she will make arrangements for pick-up.

Mrs. Herbert Lauer entertained with a birthday party, March 19, honoring the birthday of Mrs. Gladys Morton, Cuyahoga Falls. On Sunday, March 20, Mr. and Mrs. Lauer went to Canton to visit the William Dases'. Mrs. Della Shay, sister of Mrs. Lauer, from Springfield, Ohio, will be spending the month of April at the Lauer residence.

Many happy returns of the day to Luella Miller and Fern Radak, both Ladies Auxiliary members of the Fire Department, who will observe their birthdays on the same day, April 8. Mrs. Miller is at present night dispatcher for the Stow Police Department, and the wife of Village Road Supt. Richard Miller.

Mr. and Mrs. Joe McCue, South Main Street, will be returning to the Village the first week in April, after a five month vacation in Florida.

William Cummins, 1934 Sixth Street, Cuyahoga Falls, State Examiner, celebrated his birthday March 17. Mr. Cummins has been with the department fourteen years and for the past two months has been doing a periodic examinations of the records of Munroe Falls Village.

Mrs. Albert Jordan, Chairman for the Vanity Fair Luncheon, held, March 17, at the Town Hall, by the Ladies Aid Society of the Zion EUB Church, wishes to thank her committee, and all those that attended to make the luncheon a success.

Mr. and Mrs. Don Adams, and Mr. and Mrs. George Boggs, North Main Street, will fly to Mexico, April 2, for a two week vacation.

Welcoming Rev. and Mrs. Joseph Benedict, minister of the First Hungarian Penecostal who just recently built and moved into their new home at 361 North Main Street.

Other new residents are Mr. and Mrs. A. I. Beam, 210 Highland Avenue, the D. V. Kays' 332 Game Drive, four new families on Trudy Avenue; Mr. and Mrs. M. L. Daughenbaugh, Mr. and Mrs. R. G. Hight, Mr. and Mrs. Oaul Mihal and Mrs. Paul Schmidt. Five new homes on Alta Drive are now occupied by Mr. and Mrs. Harry Whisman, Mr. and Mrs. Thomas Novak, Mr. and Mrs. Charles Butz, Mr. and Mrs. E. R. Phipps, and Mr. and Mrs. James Brown. Eight new families have taken up residency in the

WHEN 'HAST' IS VAST

Marcus Aurelius
Pressed papyrus
And wrote -
'Think less on what thou hast not
And more on what thou hast.'
A noble worldly quote.
But note -
Can it be proven
Marcus Aurelius
Ever packed his 'hast' for moving?

I wish my 'hast' were less,
I'm in the middle of a moving mess.

Gracious Sakes

Munroe Manor Estates, five on Millwood Avenue, and three on Prentiss Street. They are Mr. and Mrs. John Cady, Mr. and Mrs. Lowell Blood, Mr. and Mrs. Maurice Johnson, the R. J. Kramers', the Dale Groves', Mr. and Mrs. Jeff Davis, Mr. and Mrs. Howard Beck, and the J. E. O'Connors'.

Mr. and Mrs. Darrell Cottrill have purchased a new home at 155 Harry Avenue, and Mr. and Mrs. R. A. Harris and the Charles Segnars, are residing on North Main Street.

Mr. and Mrs. Paul Cassidy, North River Road, announce the birth of a baby girl. Born March 8 at Akron City Hospital, weighing five pounds, six ounces at birth, and named Mary Ann. The Cassidys' are the very proud parents of eight other children.

JUNIOR PILGRIMS MAKE CHURCH HISTORY TAPE

Junior Pilgrim Fellowship made up of seventh and eighth graders, of Stow Community Church has taken on an interesting and challenging project: making a tape-recorded presentation of the church - past, present and future. The tape will be used to tell the story of the church to new members.

Youngsters working on the job are divided into three committees: research, technical and writing. Advised by Mr. and Mrs. Joe Sherlock, and helped with the historical facts by Mrs. Ralph Nicholls, are Dick Sherlock, Bonnie Stein, Helen List, Bonnie Suppes, Jeffrey MacAdam, Vivian Sherlock, Sandy Parker, Marjorie Ingram, Barbara Burdette, Kay Yoder, Elizabeth Wheeler, Patty Monteith.

They plan taping a few minutes of different Sunday School classes, meetings of various organizations, and a portion of church services. Then the various segments will be segued into a half-hour narrative.

MEETING PLACE CHANGED

Stow Christian and Missionary Alliance Church, having outgrown its former meeting place at the Glenn Fauss home, is now holding services at Riverview School, 240 North River Rd.

STOW SPORTS

Sloop Granted Coaching Leave of Absence

Harold Sloop, who has been Stow High's baseball coach for many seasons, has requested and been granted a leave of absence from his coaching duties this spring in order to take over baseball coaching for Akron University.

Sloop will continue his duties as Junior High physical education instructor at Stow.

Sloop has been working with the team a little over two weeks now, and is enthusiastic about the experience.

"It promises to be very stimulating," he said. "We'll play most of the teams in the Ohio Conference, and Ohio Wesleyan and Otterbein. There are many very good ball players at Akron U. - several veterans. There'll be no trouble getting nine good men on the field at one time."

Russ Beickly, Akron U.'s regular baseball coach, is unable to serve in that capacity this year because of illness.

Winners of the patrol flag of Boy Scout Troop 174 last weekend were the Panthers.

On the camp-out were 43 boys, 18 of whom slept outside to win their Polar Bear awards.

Way Back When

by Frank Green

I wonder whether any of you have ever given any thought as to why April 1st, centuries ago, was chosen as the day of the year when we try to make fools of each other.

An April fool in Scotland is called a Gowk, which means a cuckoo, or silly bird.

We Green kids made quite a lot of the custom but were not very successful in fooling each other. Our hired man, Harvey Grubb, bragged that we could

not fool him, so we tried our best.

April 1st is not a holiday. We were all doing our usual tasks and Harvey was out working with the team. The stunt we planned was clever.

Lurie made a custard pie for dinner (noon). Mother, of course, was actively in the plot. Harvey loved custard pie, as we all did. We were all at the table when he came in. It was the customary hearty meal.

As usual, we joked and fooled as we ate. Mary cut the pie. It sure looked nice, but cayenne pepper was freely used in place of cinnamon. Mary was a swell actress. She took a slice and passed the pie on to Harvey, but kept up a steady jabber.

He took a slice and then a bite.

"Gosh all phips!" he said. Slapped his hand to his mouth and ran for the water bucket.

Harvey was our hired man for about 10 years and bossed me more than my father did. He kept a buggy horse. They all seemed to go lame with ringbone or some other trouble in the postern joint. He spent many of his evenings doctoring them.

If God and Peg Knight permit me to write more Old Stuff for the Press, Harvey Grubb's name is likely to appear again. (Note: If He's willing, we'll never say no!... P.K.)

volunteers, selected by Chief Woodard, and appointed by the Mayor on recommendation of Council, who serve without pay or without recognition. (\$1.00 per month token pay was recently voted to the specials.) Each is a fully sworn-in policeman, who accompanies a regular patrolman on duty.

A MESSAGE OF INTEREST TO EVERY CHEVROLET OWNER IN STOW

(and to all other car owners too)

*Chevrolet's owner relation program
makes your satisfaction our
first consideration!*

Here's an important message for people who own a Chevrolet — or are thinking of buying a new one. Chevrolet Motor Division operates a department of owner relations and, as far as we know, the only one in the industry. Its policy is to see that Chevrolet owners are completely satisfied with Chevrolet products and Chevrolet service.

MARHOFER CHEVROLET INC. has this policy in action, seeing to it that you're well taken care of when you do business with us. Here are the extra benefits you'll get as a Chevrolet owner:

When you buy Chevy...

Enjoy the confidence of knowing that **CHEVROLET** is built with the quality you expect. That's because of the excellence of Chevrolet's engineering and rigorous inspection of details at the factory. **MARHOFER CHEV. INC.** pledges itself to delivering your new Chevrolet in a condition of complete quality.

While you drive Chevy...

MARHOFER CHEV. INC.

is prepared to take better care of you with better service after you buy this fine product. It's our way of assuring you of the continued pleasure and satisfaction originally built into your Chevrolet.

When you trade Chevy...

MARHOFER CHEV. INC.

salesmen are ready to serve you again! Chevrolets traditionally bring you more at trading time And if you're about to become a member of the Chevrolet family you too can count on us for a top appraisal.
