

NO CORN?

What will I plant
Beyond the kitchen door,
In just a tiny patch of ground
That's maybe six by four?
There's lettuce, onions, radishes,
In my mind it is all made.
There's hollyhocks and pansies -
But first I plant a spade.
Then the old back begins to ache,
The warm sun fills the air,
Now I think I'll plant myself
In a garden chair.

Gracious Sakes

As a community service and goodwill gesture to the people of Stow, the Stow Rotary Club will conduct a free Safety Lane Car Inspection program at Highland School on Saturday, April 30, between the hours of 10:30 a.m. and 6 p.m.

This will be on a strictly voluntary basis, and after all required safety factors have been approved, a 1960 Safe Car Sticker will be placed on the inside lower right corner of the windshield.

This program meets with the approval of and is sanctioned by the Summit County Safety Council, and the sticker will be honored by all police traffic lanes in the county.

SOME NEW RESIDENTS VOTE IN OLD PRECINCTS

For the convenience of STOW PRESS readers the following information is printed. PRESS has received many telephone calls regarding the dividing lines of the different wards and the locations of the voting polls for these wards. (see lower right corner)

Ward I

From the Silver Lake - Stow Corporation line at Graham Road and Englewood Drive - South along the Stow - Silverlake Corporation line to the Munroe Falls Corporation line, thence east along the Stow - Munroe Falls Corporation line to the centerline of Hiwood Avenue, thence north to the center line of Kent Road, thence west to the center line of North Sandford Avenue, thence north to the center line of Graham Road, thence west to the Silver Lake corporation line - the starting point.

Ward II

From Graham Road and North Sandford Avenue south along the center line of North Sandford to the center line of Kent Road, thence east to the center line of Hiwood Avenue, thence south to the Stow - Munroe Falls corporation line, thence east and south, east and north along the Stow Corporation line to North East corner, continuing along the corporation line west to the center line of Stow Road, thence south west to the center line of Fishcreek Road, thence south east to the center line of Graham Road, thence west to Sandford, the starting point.

Ward III

From intersection of Darrow Road and East Arndale Road south along center line of Darrow Road to the center line of Graham Road, thence east to the center line of Fishcreek Road, thence north west to the center line of Stow Road, thence southwest to the centerline of Arndale Road, thence west to Darrow Road and the starting point.

Ward IV

From the north west corner of the Corporation along the Corporation line south to the Cuyahoga Falls Corporation line, thence east along the Cuyahoga Falls and Silver Lake Corporation lines and the center line of Graham Road to the center line of Darrow Road, thence north to

the center line of Arndale Road, thence east to the center line of Stow Road, thence north east to the corporation line, thence west to the starting point.

H. J. REIDY ACCEPTS FULL-TIME JOB AS STOW POSTAL CLERK

H. J. Reidy, 3355 Sycamore Drive, has begun work as a full-time postal clerk at Stow Branch, U.S. Post Office.

"Mr. Reidy is a splendid gentleman", Howard Nicol, Postmaster at the main office of Cuyahoga Falls Post Office announced to STOW PRESS.

"An excellent employee, Mr. Reidy will be as much credit to Stow as he has been to the Falls Post Office. He is well informed and as asset as a postal employee as all Stow residents will discover when they have business transactions with him, concerning the Post Office."

When announcement was listed that a full-time clerk would be hired at Stow Branch Mr. Reidy was the successful one, based on seniority, after the bids were posted. He began as a Government employee June 3, 1937. He served successfully as Superintendent of Mails. He resigned from this position and returned to the ranks as a clerk.

Tonight is the night to bowl for the Boosters. All receipts at Sto-Kent Lanes from 7-10 p.m. tonight will be turned over to the Boosters. These proceeds will be used for uniforms and equipment for teams.

TOO LATE NOW TO REGISTER

Anyone who has not voted in the last two years should have registered to be eligible to vote in the May 3 primaries.

Anyone who has voted in the last two years, but who moved before March 23, 1960, should have transferred before now to vote in the primaries.

Anyone who has moved since March 23 and has voted during the last two years may vote in his old precinct at this primary election.

New residents should apply for transfer with the Summit County Board of Elections. It's

REGISTRATIONS OF 1st. GRADERS WILL BE MAY 5-6

First grade registrations for 1960-61 will be accepted May 5th or May 6th in each of the grade school buildings, during the school day. Parents of prospective first graders are urged to register their children at this time so that adequate provisions for teachers, books, desks etc. may be made for the start of the new school year. It is essential that a birth certificate be presented at time of registration.

Children whose 6th birthday

comes before January 1st, 1961 are eligible to enter school in the coming 1960-61 school year. State law requires that your child must be immunized against Diphtheria, Whooping Cough, Tetanus, Smallpox and Poliomyelitis before entering school. Booster shots for Diphtheria, Whooping Cough and Tetanus should be given at least once every two years. Smallpox vaccination should be repeated at least once every five years.

Those who have never registered, or who have not voted within the last two years, must register in person at the Summit County Board of Elections in Akron, or at special local locations at specified times prior to each election.

THE STOW PRESS

STOW, OHIO

SUBSCRIPTION RATE

\$2.50 PER YEAR PAYABLE IN ADVANCE

Next Tuesday, May 3, Stowites will vote on an important bond issue.....this issue will decide whether or not a 20 room elementary school, to be located at Fishcreek and Call Roads, at a cost of \$350,000.00, will be built.

If We Vote YES—

1. We will have taken the next step toward having an elementary school within a mile of every home.
2. Dangerous overcrowding in the elementary level will be eliminated.
3. Assessment, approximately the price of a package of cigarettes a week, will be made on each taxpayer.
4. Future industries, coming into Stow, will decrease this trifling amount per holder.

If We Vote NO—

1. Stow School Board will have no choice but to ask for this again in November.
2. This would result in 1 full year's delay of children's entering the new school.
3. Recommended teaching load will be burdened.
4. Future crowded conditions at Munroe Falls will not be alleviated.

Although our editorial policy may be at variance with the school authorities at other times on other issues we urge every voter to forget these smaller differences for this larger necessity.

Is The Answer To Your School Question Here?

This column will be used weekly for questions from the public concerning any phase of public education. The answers will be provided by the newly formed Citizens Committee for Education. You are encouraged to send questions to The Stow Press, unsigned, if you prefer. The Press will turn them over, without signatures in any case, to the Committee.

Question: Has the Board of Education determined what the use of Lakeview building will be?

Answer: Yes, the Lakeview building will serve as a 7th grade building until it can be increased sufficiently in size to hold the 8th grade in addition. If at that time enough money is available to make a full fledged junior high or even a senior high, that decision will have to be made. It is similar to a family wanting to build a new home, they may want to build a \$30,000 one and will do it if they get a new job, fall heir to money, etc. On the other hand, they may have to be satisfied with a new \$20,000 home or even make do with the old one.

Question: Why is the Board of Education asking for another new building on Fishcreek road when they have not even opened the new Lakeview building?

Answer: The Lakeview building as now constructed has a capacity of 360 pupils. This just barely exceeds the growth of Stow schools for one year. (330 children more this year than last) The proposed Fishcreek & Call Road building if approved now cannot be ready until September 1961, by which time some 600 more children are expected in the public schools.

Stow, Ohio

Town Hall

At their regular meeting on April 14, Stow Village Council heard a request from the Pennsylvania Railroad for a franchise for a railroad spur into Industrial Park where they anticipate traffic of twelve cars daily if an unnamed firm situates there. Council instructed village solicitor Werner to draw up an ordinance to get the franchise under way. Proposed track would run across Hudson Drive and would be available to the south side of Commerce Dr.

Planning Commission report revealed they had turned down a preliminary plat presented by William Arthur for a partial addition to Meadowbrook Lake Development because proposed lots were too small.

They also turned down a rezoning request of Francis and Irene Calco who had asked for a 20,000 square foot

20,000 square foot general merchandise chain store whose name was not revealed. The Calco property lies immediately west of the Sto-Ken Golf Range. Tri-County Planning Commission felt the rezoning would be unsuitable as the golf range is a good buffer zone between the retail district of the shopping center and the residential areas to the west.

Commission also reported it had accepted for study the preliminary plot for the Hibbard allotment of approximately 300 homes between Meadowbrook Lake and Industrial Park on Hudson Drive.

Council heard Mayor Monteith's report that the Fire Department had answered grass-fire alarms which are expensive to the village.

Mayor Monteith also suggested a general Stow clean-up drive and asked Council to consider setting aside one day especially for such a drive.

A letter was read from a non-resident of Stow referring to the Minier home across from the airport, which was gutted by fire in December. The letter writer called attention to the fact that children are constantly playing in the

ruins of the home, which makes it a dangerous as well as unsightly scene.

Council accepted the resignation of Patrolman William Hites and approved appointment of Paul F. (Freddy) Long as a replacement.

The Mayor appointed and swore in Lawrence P. Miller and Robert J. Hill as new special policemen.

Mayor Monteith announced that the village is ready to accept orders for calcium or asphalt emulsion treatments for dirt roads. Charges will be 10¢ per lineal foot for calcium, 21¢ per lineal foot for asphalt emulsion.

Efforts are being made to get state financial aid for Stow roads. The village now has permission to use state road equipment when it's available (not often).

Council heard the second reading of the zoning ordinance. The public hearing on this ordinance will be tonight, April 28, at 7:00 p.m. Anyone interested is welcome to attend.

Munroe Falls Pipeline

Van Wilson, author and contributor of Munroe Falls Pipeline, is confined to her home with pneumonia.

Faster visitors at the home of Rev. and Mrs. George Mayer, 70 South River Road, were Mr. and Mrs. George Mayer, Jr., and their three children, from Wadsworth, and Mr. and Mrs. William Housiaux and their two small children, from Avon Lake.

Mrs. John Shay, sister of Mrs. Herbert Lauer, is spending a vacation at the Lauer residence, 224 Munroe Falls Avenue. Mrs. Shay makes her home in Springfield, Ohio.

Spending the Easter holiday with Mr. and Mrs. Snowden Kline, North Main Street, were Mr. and Mrs. William Cundiff and their two children from Warsaw, Indiana.

Visiting the Emanuel Spriggels' at Eastertime, were Mr. and Mrs. Keith Spriggel, with their three children, Candy, Brent, and Mark, from Birmingham, Michigan.

Many happy returns of the day to Mrs. Russell Richards, Garden Club Historian, who celebrated her birthday, April 18.

A very happy wedding anniversary to Mr. and Mrs. James Chapman, 3527 Orchard Drive, Stow. The Chapmans' celebrated their seventeenth anniversary, April 9.

Addis Settle, is a very proud sixteen year old these days. Ad passed his drivers test at the Akron Airport, April 9, just one day, after he celebrated his sixteenth birthday, and also became the proud owner of a Willys Jeep. Addis is a Sophomore at Stow High, and the only son of Mr. and Mrs. Owen Oakes, 68 Spray Drive, and after school, and on week-ends, he helps in his Dads' service station, on Kent Road.

A belated birthday greeting to Bill Thompson, Brenda Johns and Larry Johns, who all observed birthdays during the past week.

Mrs. Melvin Schneider reported that she is now accepting items for the annual Rummage Sale, to be held, at her home, Friday and Saturday, July 15, and 16, 173 Northmoreland. Anyone having items for the sale please call Mrs. Schneider, at OV 8-3239, and she will arrange for pick-up.

Team managers, John Ruch, Raymond Ruch and Earl Wilson are very much pleased with the turnout of boys at the initial sign-up date held recently at the Village Hall. If coaches can be secured, two or three more teams in the F and G Class of Baseball could be set-up and schedules arranged. At the present time one F and one E team will be handled within the village. Dads of boys in the 8 to 13 year old class are asked to contact the present coaches if they can help in any way, to make this a happy summer for their sons, whether experienced players, or just becoming interested in baseball.

LAND IS MAPPED FOR PLANNING GROUPS

Interested in saving as much of the village funds as possible are 14 volunteer citizens including the Planning Commission and a few from the Mayor's Citizens Committee. They are working in teams of two on land-use maps for the Tri-County Planning Commission. Seven teams have divided Stow into seven sections.

One from each team drives, one marks a map. When they are finished, each lot in Stow will be identified as to its specific use. Each place of business will be marked with a drawing the approximate shape of the building along with the name and type of business. This time-consuming cataloging was to have been completed by April 25.

JAYCEES BACK SCHOOL BOND

Stow Jay Cees voted unanimously to endorse the Stow School Bond Issue at their last meeting. President Dick Phillips said, "Our school system has continued to keep pace with the tremendous growth of Stow; however, to maintain the effectiveness of our present educational system it is very important that this school levy be approved by our voters."

INDIAN GUIDES LIST KITE FLYING WINNERS

Windy weather conditions caused some of the Indian Guides' kites to break April 24 when the annual Kite Flying competition was held at the corner of Marsh River Road.

Shirts were given as prizes. Losers were compensated by the fun. Fathers assisted with the frame and covering of the kites. Boys made all the designing, printing or other accessories, added to the kites.

Winners were: Decoration; 1st, Tim Hanna and 2nd, Jack Rush. Design Flying; 1st, Bill Mayor and 2nd, Bobby Becker. Cross-Stick Flying; 1st, Kay Carver and 2nd, Danny Joe Peterson. Box-Kite; 1st, Dale Clause and 2nd Lewis Hartzell.

CLUB NEWS

Highland PTA met last night at the school, hearing Capt. Ronald Harper of Stow Police and E. C. Ackerley as featured speakers. David Reid also spoke briefly on the summer recreational facilities available to Stow children.

Members then heard a musical program by the All City Elementary School Band, directed by Rex Mitchell.

Refreshments were served by fifth grade mothers.

THE RESERVATIONS OPEN FOR PLAYERS' SHOW

Reservations may be made in advance for any church group or club wishing to sponsor a special performance of the **Stow Players, Inc.**, spring production, "The Bishop's Mantle."

The play opens to the public Friday, May 6, and will continue May 7, 13, 14, 20 and 21. It will be presented in The Players Room of Stow Village Hall.

This is an opportunity for any Ways and Means Committee to add to their Club's treasury.

Stow Players will hold their annual election of officers and trustees at their 8:30 p.m. meeting May 3 in the Players Room.

Brownie Night to Show Off

Brownie Troop 579 and their families will hold a covered dish dinner Thursday April 28, at six o'clock, at the Christian Youth Center. Decorations will be made by the Brownies and the entertainment will be songs and dances learned by the Brownies in their two years in the troop. Two new girls will be invested, Linda Torrence and Marcia Pressdee.

Leaders are Mrs. T. Wyszynski, Mrs. N. Berman and Mrs. W. C. Brown.

Girl Scout Troop 589 is planning to spend the week-end at Camp Ledgebrook. They hope to plant some trees at the camp as part of their conservation badge. Mrs. Verheyden, the leader, and some of the mothers will attend camp with the girls.

Maplewood Park Garden Club is inviting all members of Woodland Park Garden Club to be special guests at a meeting to be held tonight in the Maplewood model home, 2258 Lynnwood Dr.

Mrs. F. C. Neugebauer will speak on "Corsage Making".

Hostess will be Mrs. Michael Thornton, assisted by Mrs. Donald Ungar, Mrs. James Russell, Mrs. James Black, Mrs. Walter Roth and Mrs. Robert Farrell.

Members of Stow Culture Club will attend a luncheon and installation of officers when they meet Thursday, May 5, at 12:30 at the Smorgasbord. Mrs. Carl Horst is chairman of arrangements.

Easter Plants Bloom Anew; Here's How

Spring is singing in 8 out of 10 Stow homes via hot house flower pots. If your Easter plant was purchased with part of your grocery money in the supermarket, if it came out of your budget or if it was a gift from one of our floral shops you can have many more years of pleasure from this plant with a little protective care.

Nearly everyone feels that these spring blooms and flowers on Easter help more than anything else to erase memories of the heavy snow squalls and deep mud, which caused a state of emergency to exist in Stow by order of His Honor. But most folks don't know just why they feel the need of having blooms in their home at this particular time. Spring excitement and elation exists inside us regardless of outside conditions.

However this feeling for flowers stems from an old traditional folk belief that....the sun, itself, dances with joy on Easter morning and all those who either give, keep, wear or share flowers during the Easter period will keep this happy spirit unto themselves all through the year.

Hyacinths, tulips, hydrangeas and daffodils lead the field in the bulbous variety for Easter purchases. Don't cut off the top if you want your plant to bloom again. Let the foliage and blossom dry out completely after it has stopped blooming. This drying must extend clear to the bulb or there will be no blossoms on your plant, only foliage. Then the bulbs must be separated....or

divided. *by Nancy Lee Riney*

Keep these inside until September and then plant outside 5-8 inches below ground level. While still in bloom in the home, water these plants several times a week. But do not give an overdose of water because the bulbs will rot. By applying pressure with your thumb and forefinger to the soil in the pot you may determine what degree of dryness exists in the pot. Some of these will need daily watering depending on the location and temperature in the home.

These plants love the bone meal type of fertilizer and are strictly 'allergic' to acid fertilizer.

Mums have become the most popular of flowers for all occasions because of the vast range of colors and sizes in which they can be grown. Mums are hardy and will grow under most any conditions....even neglect. The potted mums are easiest to care for. Simply cut off the tops after blooming and place the plant outside in the garden. Again in the fall you will have blooms. And again next spring and.... again in the fall of '61 and again, etc. Just remember to loosen the leaves or foliage a little.

Azaleas are the most beloved plant. Most varieties sold here in the north are not hardy. Rule no. 1 for azaleas is to keep uniformly moist. For the hard water here in this area use ¼ teaspoon of iron sulphate with the water when added to the soil. Fertilizer tablets or liquid of acid nature may help your plant. Remember to keep cool. Place the plant in a shady and protected part of your garden and return to the house not later than the 1st of October.

Easter lilies may be set outside under shrubbery or in a sheltered place after they have stopped blooming. Because they are the single type stem they are easily crushed add need protection from children, dogs and mowers. As the buds unfold in the home remove the yellow anthers. Lilies should be kept cool and near a window for light. Cool and light is the cardinal rule for lilies. After all danger of frost has gone plant the lilies in 8-10 inches of sandy soil.

Stow Citizens Committee for Education Recommends: Vote YES for School Bond at May 3 Primaries

STOW CITIZENS' COMMITTEE FOR EDUCATION

April 19, 1960

J. C. Whalen
Stow Board of Education

Dear Mr. Whalen:

For the past several weeks, the Stow Citizens Committee for Education has been discussing with Mr. Van Brunt, Superintendent of schools, the increased growth of the Stow vicinity and the projected need for additional school facilities.

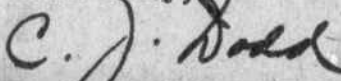

The Board of Education's brochure "Know Your Stow Schools" contains a very comprehensive map of the Stow district, clearly depicting the housing developments and sets forth a substantial increase to our population in the near future. The planning for increased facilities to care for higher school enrollments is well founded and you are to be commended on the effort spent to maintain pace with the growth of the community.

As an initial step towards the fulfillment of these plans, we recommend that the School Bond Issue appearing in the May 3rd primaries be approved, and accordingly we have urged this support throughout the community.

This new school is a must!

It is sincerely hoped that the people of Stow will support this program without reservation.

Yours truly,

C. J. Dodd
Chairman

School Building Plans Prepared To Handle Population Explosion

Recently released Stow School Board Plans are geared to meet the needs of the area's fastest growing community. Stow's school enrollment explosion is highlighted by the fact that there are 144 graduating seniors compared to 355 first graders, a 211 increase for the 1960 school year.

After careful analysis of Stow's growth areas the following plan has been developed to meet our educational needs.

- Establish 6-year grade schools in neighborhood centers which will enable more youngsters to be "walkers" and ease transportation problems.
- Provide a separate 3-year senior high school.
- Provide a separate 3-year junior high school.

Stow School sites are shown by numbered flags on the map below. A dotted circle around each school flag indicates a one-mile radius.

- Flag 1. Junior-Senior High
 2. Highland Grade School
 3. Woodland Grade School
 4. Riverview Grade School
 5. Lakeview Grade School
 6. Proposed Grade School (Call-Fishcreek)
 7. Ritchie Road (Future School site)

Stow Tabbed as Boom Expansion Spot in Akron Area...2759 Homes Planned

Allotment plans have been filed with Stow officials to build over 2700 homes. This marks Stow as the area's builders' hot-spot. Stow has long had the reputation of a good place to live. Gently rolling hills, beautiful trees, easy access to industry jobs, convenient shopping and, most important, fine schools and churches have long been appreciated. And, with increased industry on either side of us plus the fact that communities nearer Akron are becoming filled, Stow has now become the target area in the ever-increasing "move to the suburbs".

The major housing allotments approved by the Zoning Commission are shown on the map below. Also indicated is the number of homes planned in each area as well as the homes completed to date.

The Ohio State Department of Education advises us that on the average each new home completed means one new pupil added to our school enrollment immediately. And, of course, most of the increase will be in the primary grades.

LAKEVIEW'S FUTURE

The newly built Lakeview school will eventually be increased in size to complete either a Junior or Senior High School. For next year Lakeview will house 7th-Graders which will give us sufficient capacity in grades 7-12th.

ELEMENTARIES WILL SPILL OVER IN SEPTEMBER

However, the immediate need is for additional capacity for the mushrooming enrollment in the 1st-6th grades. By next September grade schools will be full to overflowing and running about 330 over capacity.

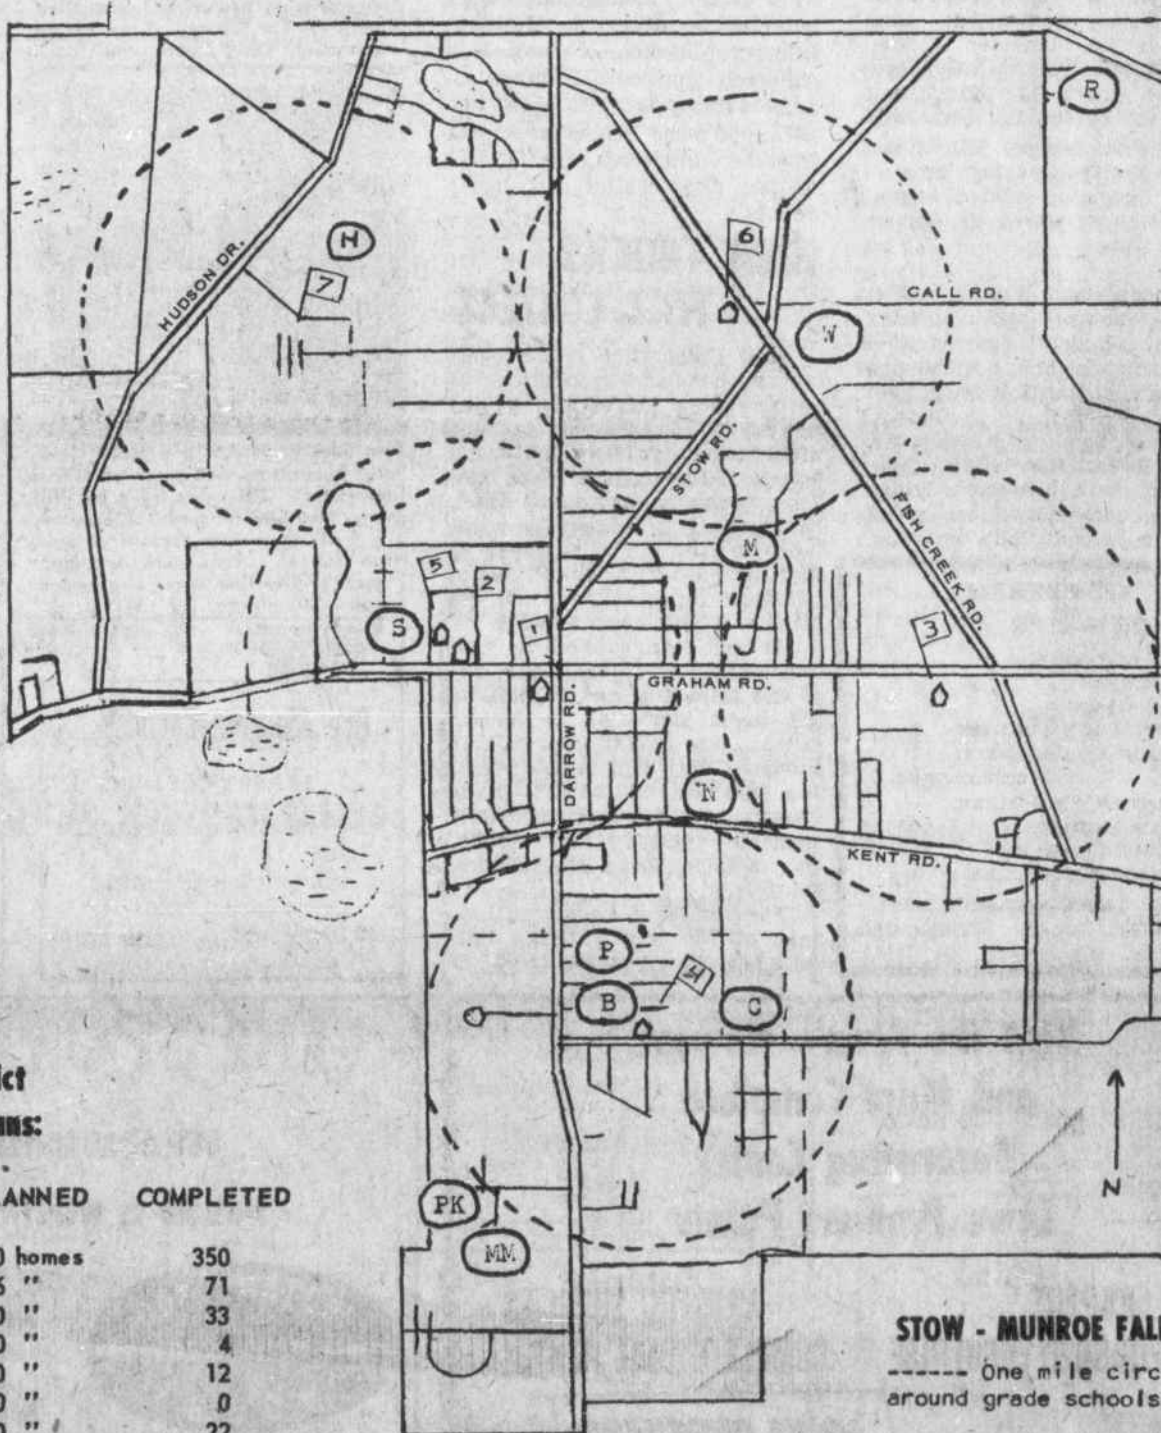

NEW ELEMENTARY SCHOOL ESSENTIAL

Step number 1 in handling our school needs is to provide a building fund of \$580,000 to erect a new grade school to house 600 youngsters. On the Stow map this is shown as Flag 6 at Call-Fishcreek Roads. For the average home this School Bond will cost about \$8.00 to \$10 a year.

STOW GROWTH POSTPONES LAKEVIEW COMPLETION

It was hoped that Lakeview could have been completed as a separate upper grade school earlier. However, the tremendous influx of new residents to Stow, and the future expansion plans of the area as shown by the allotments plotted on the Stow map, mean that we have got to set aside plans to complete Lakeview until we accommodate the 1-6th graders.

Socials and Personals

by Kathy Martin

To You:

Remember - people are news! YOU are news! Everything you do is interesting. When you take a trip, have a baby, participate in a special hobby, or experience an amusing incident, the rest of us would like to know about it. Call me at OV 8-4741 with your tid-bits so we can share them. We'll all become closer friends.

..... Kathy

Ronald Maneses

Mr. and Mrs. Ronald Manes, nee Normajean Garland, have taken up residence at 38475 Aurora Rd., Solon, Ohio, following their return from a Floridian trip.

Rev. Marshall Begley officiated at the marriage ceremony, April 9, of the couple in the home of the bride, Aurora Rd. Mrs. Manes is the daughter of Mrs. Floyd Garland and the late Floyd Garland, Aurora Rd. Mr. Manes is the son of Mr. and Mrs. Phil Manes, 2091 Liberty Rd., Stow.

Miss Marilyn Navatney attended Mrs. Manes as maid of honor. Elmer Branum served Mr. Manes as best man.

We understand Harold Winkler of Stow Pharmacy had a birthday April 25. Couldn't find out what was planned for him, but knowing the people in the Holt Bldg., bet they didn't let it go by uncelebrated!

Mrs. Robert Burns, 3031 Oakridge Rd., will hostess a bridge party Thursday, May 5, as part of Holy Family Card Party Series.

The family of Mrs. Charles J. Dannemiller, 3516 Adaline Dr., hopes to welcome her home early in May from an extended stay at St. Thomas' Hospital where she underwent leg surgery.

Ray Kincaid claims to have walked at least 50 miles a day on his recent buying trip to New York. He didn't walk to N.Y., just in it, looking at jewelry for his Stow store and for the new one he's opening in the Coventry Plaza.

We hear Bob Woodard doesn't spend all his time protecting the public. For at least one minute last week he took time out to answer a phoned quiz from a radio station, and knew the name of the song! Got a prize yet?

Sympathy to Bob Ward on the recent loss of his father.

Three Boy Scouts from Troop #177 at Holy Family have been selected to attend the National Boy Scout Jamboree to be held in Colorado Springs, Colorado in July of this year. The boys, who will join some 200 other scouts from the Akron area, are Thomas Keller, John Keller and James Schulz.

HAVE TRUCKS WILL COLLECT

Stow Lions Club is out beating the bushes for donations of useful articles for their on-coming auction. You may have something which is of little value to you but a fellow-citizen can use. This is an annual event which has gained considerable popularity in Stow. The proceeds go for the Lions Club Projects, primarily for their work for the blind.

As you start to work on your house-cleaning, please call any of the following men to pick up the items you wish to donate: (almost any useful item will be accepted) Ray Winters, OV 8-3832; Joe Sherlock, OV 8-5525; Clyde Gerber, OV 8-8616; Bill Zimmerman, OV 8-3375; Don Barnes, OV 8-8609 and Bob Horner, WA 3-7136.

The fiesta of values will be held at the Stow Village Hall Saturday, May 21, 1960.

Scene From Juniors' 'The Able Miss Cain'

Side-splitting scene of Junior Play, April 22, near the end of the 1st act when maid, Terry Moore, wheeled in

tea cart substitute. Served tea (l to r) were: Mary Ann Flaherty, Nancy Noll, Sue Simms and Bob Pfile.

Tom Shuster works this 'Rube Goldberg' apparatus, designed for distilling water. This was built by Phil Long, Tom Shuster and Don Murfine, all 3 of whom are Juniors at Stow High School. This puts out about 1 quart of distilled water in a period, which is 40 minutes.

Almost as proud as parents of a newborn child are residents living near the corner of Elizabeth and Lynnwood Dr. over the newly arrived shiny mailbox now situated there.

Way Back When

by Frank Green

While I was a boy we had for some time two dogs. Jupiter, Jupe for short, was a lively black and tan terrier. Watch was a pure white

English Bulldog. Jupe was much the oldest and for some time after Father brought home the little white puppy, he was boss.

When Mother put out food for them, Watch stood back and looked wistfully on while Jupe gobbled up all he wanted. But the pup was growing bigger and wiser.

One day Mother threw out a nice big bone. It landed close to Watch, and he started to work on it. Jupe grabbed for it. Watch carefully laid the bone between his front legs. He took the little dog by the collar and shook and shook till Jupe begged for mercy. Then he dropped him and went back to the bone.

The dogs were as different in disposition as possible. Jupe was wildly frolicsome. Watch was gravely tolerant to all the family, but never friendly to a stranger. This shows what I mean:

One Sunday morning I had a headache and was permitted to stay at home. (This seldom happened in the Green household.)

The Green home was on East Graham Rd., just west of Hile Rd. Grandpa Stow's house was across the road. (Both houses are still there in 1960).

I was sitting on the front porch. Watch was lying on Grandpa's porch across the road, guarding both places. A man came up the hill.

Watch saw him and trotted across the road and stood in the gateway of the picket fence that was there then (1881). The tramp walked up to Watch and said, "Nice Doggie."

The "nice dog" jumped straight for his throat. When the fellow picked himself up, he went away from there quick.

Watch, almost smiling, trotted up to me for a pat on the head.

Another Watch story tells how once the conceit was taken out of him. A neighbor had a big dog he had trained to fight. Harvey,

our hired man, thought Watch could whip him. Alf brought his dog over. When they started to fight, Watch made for Rex's throat but Rex circled carefully away.

Finally, Rex caught Watch's hind leg and the fight was over. On the night my sister Mary died, Jupe howled till we let him in the house. Was that dog instinct, or was it the moon which shone brightly that made him howl?

UNITED CHURCH WOMEN SPONSOR FELLOWSHIP DAY

MRS. PAUL DEPPEN TO SPEAK
'MAY FELLOWSHIP DAY' will be observed Friday May 6th, 1960. All Cuyahoga Falls area women are cordially invited to attend services at the Bethany E & R Church at 13th and Broad Streets. Luncheon will be at 12:30 p.m. by reservation, and the program will follow at 1:30 p.m.

Mrs. Paul Deppen, the Regional E & R Spiritual Life Chairman, will speak on the Theme- "Citizenship-Free and Responsible". She is a graduate of Heidelberg and has done graduate work at Oberlin.

Reservations for luncheon tickets must be in by May 2nd. Baby-sitting service, for small fee, will be available during program.

This event is sponsored by the United Church Women of the Cuyahoga Falls area with Mrs. Don Lingo and Mrs. Alvey Smith in charge.

RUMMAGE SALE TOMORROW

Circles 1, 2, 3, and 4 of Holy Family will sponsor a rummage sale in the school gym Friday, April 29, from 9 a.m. to 9 p.m.

First Time For Such A Handy Book

JR. HIGH STUDENTS GET NEW HANDBOOK

Stow Junior High School students have received a "Handbook of Good Taste and Good Judgment", sponsored by the school's Student Council. Mr. D. E. Dominic is the principal of the Junior High School, which includes a staff of 15 teachers and an enrollment of 600 students.

General Procedure, Care of School Property, Sports and Organizations are the different phases of this handy and informative book.

In General Procedure some of the helpful instructions include

rules for registrations, transfers, bus regulations, scooter and bicycle regulations, tardiness, absences, general behavior, cafeteria, fire drills, report cards, grading system, honor roll, home-room organization, lost and found detention, study habits, noon activities, assembly programs, telephones, accidents and first aid, personal appearances and a list of 'dos and don'ts'.

Care of School Property include: lockers, books, lost textbooks, care of books and care of desks.

Football, track, basketball, pep rallies and school cheers are listed in Sports.

PATRONIZE OUR ADVERTISERS

CLUB NEWS
AUTO CARE AND
SAFETY PROJECT

A project designed for boys and girls fifteen years of age and older and one which is relatively new in Summit County is the 4-H Auto Care and Safety Project. According to Summit County's 4-H Auto Committee, the purpose of the project is to provide an opportunity for 4-H members to appreciate the automobile, to find out what makes an engine run, become conscious of safety and to develop a constructive attitude toward the use of our highways. The Committee emphasizes and re-emphasizes that this is not a hot-rod club.

Some of the things the committee decided to do to help accomplish the purpose of the project in clubs is the Auto Skill Driving Contest in the Summit County Junior Fair August 11th. Another activity is to be a booth at the Junior Fair to display good and bad parts, a map showing where some of the worst accidents have occurred in Summit County and some safety precautions.

Anyone interested in the 4-H Auto Care and Safety project should contact Bob Benson, County Extension Agent, 4-H in the Agricultural Extension Service Office at Walbridge 8-2123 or stop by at the office in the basement of the Post Office Building, Cuyahoga Falls, Ohio.

HIGH WAYS

by Terry Moore

The Sr. Y-Teen Club went to the Summit County Home for one of their service projects. They gave an hour program to entertain a group of about sixty people.

Linda Reed sang "Getting to Know You," while all the other Y-

Teeners shook hands and made friends with the guests.

Lorene Hibbard gave the most hilarious monolog about a woman's problems in the show. This woman's hat was the kind that you hate to see in a theatre. She was asked to remove it and during the drama, she lost it. She makes a big to-do, calls the usher, and then finds she has been sitting on it.

George Scott helped the Y-Teens by singing a solo and then he and Kerry Arthur sang a terrific duet. Kerry also pleased the audience with her solo.

A group of girls worked out a melodramatic skit about a poor family that owed a mortgage on their cow. The villain came to collect, so Pa shot him. It was all done to a rhythm with everyone bending at the knees simultaneously. The party was concluded with refreshments.

Pat Herman, chairman of the Service Committee, and Carol Brandon, in charge of lining up the talent, spent a lot of time getting things just right. It was a grand party! I'm sure it was really appreciated by the old folks, who are sometimes forgotten except at the holiday seasons.

"Phew!!" says the cast and Director Jim Thompson, the Jr. Play is over. When you're working together as a group, you learn far more than your lines. It's the togetherness that makes it so much fun. Some of the experiences will stay with us always. Thanks for your support. The money will be used for the Prom.

Speaking of Prom. The name (I'll let you in on the secret) is "The Isle of Golden Dreams," and the decorations will be dreamy. The invitations have already come and the committee will soon start its big task of addressing them to the teachers, seniors, and guests.

The first meeting of the Stow Teen-Age Republican Club met last Tuesday, April 26, when they elected officers. Their get-together was at the Summit County Sheriffs Office, where they toured the county jail, and had refreshments. This club is an experimental project. In fact it's the first of its kind in the state. If you'd like more information, Tom Van Brunt or Jim Wilson would be happy to talk to you.

The All-County Y-Teen Formal was last Saturday night. The Akron University Memorial Hall was decorated gorgeously with fish and fish nets, mermaids, shells, seaweed, and seahorses, to go along with the "Underwater Rhapsody" theme.

Saturday, April 23, was the day Mary Brust celebrated her birthday. (She wasn't officially sixteen till Monday.) She had a huge swimming party at the Falls Y. After a cool swim, they all went to Mary's house and continued to have a swell time. Can't you just see about 50 sophomores whooping it up, dancing and eating pizza-burgers until the wee hours of the morning?

STOW SPORTS

by Larry Kerr

Highlights of this week's baseball were 3 1-run victories. Stow nine topped Ellet 2-1, Monday, nipped Tallmadge 4-3, Wednesday, and outslugged Kent-Roosevelt 6-5, Friday.

Monday's victory over Ellet was more decisive than the score indicated. The Orangemen were never a threat as Bill Westgate gave up 1 hit, walked 1 and struck out 11.

Tallmadge proved a tougher foe, Wednesday. Stow was trailing 3-2 in the last of the 7th. Bill Nichol, Stow second baseman, reached 1st on a fielding error. Jerry Miller drove him home with a triple to deep left. Tallmadge pitchers gave up 3 walks to walk in the winning run.

Stow took a quick lead and called on relief hurler, Larry

Mike Klesa snags 3rd one swinging as Larry Moore (p) strikes out another Tallmadge batter at Wednesday's game.

Westgate gets tagged by Dave Clark, Tallmadge catcher, almost at home, Moore, to hold it. Moore put out the fire to win 6-5.

An approach to tournament form is being made by the team. Good fielding when things are tight, hitting in the clutch and a pitching staff, ably assisted by Moore, who has regained his winning form.

(RATES: First three lines...\$1.00 each additional line...\$.20.)
