

GIVE IT TO ME STRAIGHT By Gracious Sakes

Tell me not with smile so ready,
The south wind is blowing
The barometer is steady.
You aim your stick
And look at me,
Through maps on glass
And talk humidity.
A cold front is here,
There — pressure is low.
Will it rain or shine?
Is all I want to know.
But first I wait for the sponsor's
song
And think how seldom you have
been wrong.

LIONS' AUCTION WILL ROAR WITH VALUES FIESTA OF VALUES TO BE SATURDAY

Harold Baer (l) and Joe Sherlock (r) are just several of the many busy Lions, who have been busy collecting usable articles for their Fiesta of Values, May 21.

Wayne Barr points with pride to a washing machine and beds, among other useful articles, which have gathered for Lions spring auction.

Students make fine state showing LAWRENCE SALTIS PLACES FIRST IN ACHIEVEMENT TEST

Lawrence Saltis, son of Mr. and Mrs. Larry Saltis, 3970 Stow Road, placed 1st in the local school district by scoring 180 out of a possible 200 points in the Ohio 8th Grade Achievement Test, administered to 199 Stow Junior High School pupils, April 9. This test was given to 59,964 students throughout the State of Ohio and covered such areas as arithmetic, science, English and history.

Other students in the top 1% of the State were: Helen List, 174; Judy Chisman, 172; and Lois Jean Berry, 171.

Out of 199 Stow 8th Graders, who took this test, 44 placed in the top 10% of the State. Figures, released by the State Department of Education, show that a student, achieving a raw score of 130 or higher, would have been in the upper quarter statewide. In order to have maintained a similar placement of the local level the pupil would have to have scored 145 or higher. Com-

Larry Saltis, high ranking student in the achievement test for 8th graders, shown here with his parents, Mr. and Mrs. Lawrence Saltis, Stow Road, and his sister, Mary, a 6th grade student at Woodland School, Mary is also an honor student.

parisons of scores at all levels show that the local raw scores were 10-15 points higher than state scores.

SCHOOL VOCAL GROUPS WILL SING IN SPRING SONG PROGRAM

Stow High School Vocal Music Department, under the direction of Parke Cooley, will open its annual spring musical production Saturday, May 21, at 8:00 p.m. in the High School. This year's production is called "Bouquet of Songs".

Concert selections will feature the first part of the program by the three groups, the Glee Club, the Freshman Chorus and the Girls Choir. The Glee Club will sing "Grass of Levity", by Jean Berger, a contemporary German composer. Words for this composition were taken from a short rhyme, written in 1609. Included in this portion of the program will be the number, "Come Let's Rejoice", which is a number edited by Caro M. Carapetyan, former professor at Kent State University. The composer of this number is an Englishman, John Amner.

Songs from Broadway shows will highlight the 2nd. portion of the program. Included will be: "Lil Abner", "Hans Christian

(continued page 8)

Stow Lions Club will hold their annual community auction in the Stow Village Hall, Saturday, May 21, at 1:00 p.m. This Fiesta of Values, which has gained considerable popularity in the Village, promises to be bigger and better than ever with fun and entertainment for everyone.

During the last several weeks Stow Lions have been the busiest of Stowites as they have been out gathering usable articles for this auction. Gathered together at PRESS time are: bathroom fixtures, garage doors, all types of furniture, including tables and chairs, card tables and lamps; children's clothing; and many, many other articles.

Turkey raffle tickets are being sold. The ticket winner may redeem his ticket at Ritchie Turkey Farm anytime before the first of 1961.

Lions' Ladies will conduct a bake sale. Geraniums and potted plants will be sold.

W. W. Siegenthaler will act as auctioneer.

All those usable articles, which you have gleaned from your housecleaning, and all those articles, which you will collect as you start your housecleaning, will be picked up in trucks, which have been donated to Lions for collection use. You may have something, which is of little value to you but which will be of great use to a fellow citizen. Proceeds from this Fiesta of Values will be used for Lions' work, primarily work with the blind.

Please call any of the following for pick-up on items: Ray Winders, OV 8-3832; Joe Sherlock, OV 8-5525; Clyde Gerber, OV 8-6616; Bill Zimmerman, OV 8-3375; Don Barnes, OV 8-8609; and Bob Horner, WA 3-7136.

Mayor Charles H. Monteith has urged that all Stowites, in accordance with Clean-Up week, comply with the Lions and submit articles for this worthwhile project.

To writers of letters to the editor:

It is the policy of all newspapers to refuse to print letters to the editor which are unsigned. We did accept such letters relevant to the school bond issue, but turned them over to the Citizens' Committee for Education so that questions raised in them could be answered immediately to better inform the public on that particular subject.

Since the election we have received more letters. We would like to print them, and will do so at the earliest opportunity if the writers will identify themselves to the editor. If you so desire, we will keep your name a deep dark secret. You have a reason for not wishing your identity to be made public, and we will respect that reason. Leave the White Sox to Chicago—

Frank Green, our priceless correspondent, stopped in at STOW PRESS to see our new offices and press. Mr. Green takes a walk every morning down Darrow Rd. While here he expounded at length about high school girls, wearing white socks. He believes that these girls should choose another color or they will not be chosen.

We believe that all the white socks in the USA could be thrown away and no loss suffered except perhaps by the economy of our country. Many detergent and bleach companies would have to go out of business.

Used to be that a trim ankle was a much sought-after symbol of feminine pulchritude. Now..... the dirtier the sock and the thicker the ankle the more the young swain swoons.

It would be a sure thing to cover all mutuels and still win that the Madison Avenue boys that designed the popular white socks were not boys at all but thick ankle females, trying to disguise their own ailments.

Way Back When

by Frank Green

I voted May 3, 1960, at the Primary election. Three of the women on the board in my precinct asked me to tell in my column what I know of the early history of their homes.

I am an obliging old cuss and proud of my knowledge of early Stow history. It happens that the Gleasons and Patchens live in Lot 55, and Arnold Rd.

crosses Darrow Rd. just north of it. I will dismiss the Arnold story by saying that these Arnolds are "Johnny come lately's" in Stow and have no place in a

"Way Back When" column. Carl or Alverta can better tell their story.

The Gleasons live in the Newman Chamberlain house, 4160 Darrow Rd. I have told something of him in one story. He is good copy for another. I mentioned in the Gregory Powers story that his son Charles built the Chamberlain house.

Donald Patchen lives at 4054 Darrow Rd. Mrs. Gleason must be patient for more about her home. I can and will tell Mrs. Patchen and the rest of youse quite a bit about her house.

An early owner of this part of Lot 55 was Jesse Pratt. He owned land on both sides of the road. About 1837 he sold some of it to Zebulon Stow. I am not sure whether Pratt or Stow built the

old house still standing just north of the Grace Tabernacle, but Stow lived there until 1864. There must have been a house standing at that time — 1837 — where the Patchens now live, for Zebulon Stow at once sold that land to his brother Albert — my grandfather — and Grandpa lived there until 1856.

He then sold the farm to Charles and Helen Southmayd and they lived there until Mr. Southmayd died in 1892. I am a little vague about who lived in the house for some time after Uncle Charlie — as we all called him — died. His three girls — Anna, Julia, and Edith — all married and had homes of their own. His widow — Aunt Helen — married again and for some time she lived with her second husband Calvin Ganyard in his home in Medina County. But she did not sell her farm until 1908. I am sure of this for I — Frank A. Green — bought it from her and lived in that house with my wife for a few years.

This is what actually happened. I was an old bachelor when I bought the farm, 40 years old, but Oct. 27, 1910, I married Minnie Geddis and the next spring moved onto the farm. Our first child, Francis, was born in that house Jan. 23, 1912. I sold the farm that fall to Harry Walker. I shall let Mrs. Patchen fill the blank, if she cares to, from then until she came to live there. This is the bare skeleton of what happened. I could put a lot of flesh on it.

May 19, 1960
— I must add one more item. Years ago a little house stood on the west side of Darrow Rd. about half-way between the Patchen and Gleason houses. Of course this was in lot 55. My grandfather, Philander Green, lived in this house from Oct. 1845 to June 1849.

To be continued.

It's alright to be a jump ahead of the next guy as long as you're headed in the right direction.

TO BUY OR NOT TO BUY

by Don Buckley

Statistics from my last article proved to you that it is economical to own your own home. Some of the main reasons are: all mortgage interest is deductible from your income; real estate taxes are deductible from your income; purchase payments are cheaper than rent payments for a comparable home.

These following statements will surprise you. I shall attempt to qualify these statements.

1. Buy to the limit of your ability to qualify for the monthly payments.
2. Buy with an absolute down payment.
3. Finance with the longest terms possible.
4. Always use a reliable realtor for buying or selling real estate.

Rising Prices

Rising prices and rising wages have been the trend since Adam and Eve with short term setbacks of occasional wars. Economists predict that this trend will continue for an indefinite period. If you do not buy to the limit of your ability as the 3% to 6% per year average wage increases are received and as your home accrues value in a surprisingly few years you will find your home below the standard you require for your family.

Small Down Payment

An absolute minimum down payment will allow you to apply any additional cash toward furniture or adequate transportation. The interest on a home mortgage is substantially less than the finance company or personal notes for furniture or simple notes for automobiles.

You may purchase a better home with the longest loan terms possible. The value increase through rising prices is how you really gain in the owning of a home.....not by the loan payoff in equity. For example in 4 years I have paid into my home \$1100 although the selling value in these same 4 years is \$3200 over the original purchase price.....well over \$2.00 per day after depreciation and maintenance.

Realtor's Services

Any realtor earns his fee in services rendered. I am in the position to see the number of real estate transactions, handled "by owner" that are concluded contrary to the buyer's and seller's original agreement. A realtor is able to get contract prices on advertising. A buyer is usually too embarrassed to make an offer direct to a seller and buyer hesitates to buy at offering price. In almost all cases in by owner transactions the buyer and the seller BOTH intend to save the realtor's fee.

HIGH WAYS

by Terry Moore

Tomorrow is the Recognition Day Assembly - 9 o'clock in Stow High Auditorium. Parents of seniors have been invited. You'll hear all about who-got-recognized and what-for next week.

It seems everyone's doing it ...freshmen, sophomores, juniors,

seniors, teachers, cooks, and custodians included. Why, it's the only logical thing to do this time of year. Guess again. Give up? ...have a "count-down" of course. TEN more days of school!! How about that!

Another thing that is a common procedure, as I've said before, is picnicking. To keep all you club class members posted, here's the low-down.

This Sunday, May 22, is the Senior Class Picnic at Munroe Falls Park from 12:30 to 5:30. The tale is that if the weather cooperates, they plan to swim! Hope it's 90 degrees F that day!

Next Tuesday is the National Honor Society Picnic at 4 o'clock at Adell Durbin.

Wednesday the Varsity "S" will have a "sporting" good time at Munroe Falls Park.

Not to let a day go by wasted, Thursday the Future Nurses Association will frolic 4 o'clock at the home of their sponsor, Mrs. Mull.

Stow Community Church

Stow Community Church women will enjoy their annual Mothers-Daughters' banquet in the Church, Thursday, May 19, at 6:30. This meeting will be in the form of a covered dish dinner with guests, bringing their own table service. All women are urged to attend and to bring their mothers and daughters.

Mrs. L. C. Stein and Mrs. Arlene Wheeler will give toasts to the daughters. Susan and Elizabeth Wheeler will give toasts to the mothers. An adult style show will be presented by the Varsity Shop, Kent. A children's style show will be presented by Howard's Children's Shop, State Road Shopping Center.

Hostesses will be: Mrs. Earl Chappin, Mrs. Donald Paugh and Mrs. Ottmer Wine. In charge of the evening's program will be Mrs. John Schiebler, Mrs. Ray Brandon and Mrs. Robert McMillen.

This Saturday night at 8 o'clock sharp in Stow High Auditorium Mr. Parke Wayne Cooley and the Stow High Glee Club will open their annual Spring concert. There will be a lot of new "effects" added this year. The singing, staging, dancing, lighting, scenery, and costumes are simply beautiful.

You'll hear a little bit of everything. After several concert-style numbers, selections from "Lil Abner", "Sound of Music", "Hans Christian Anderson", and "Kismet" will be sung, along with other Broadway hits. The Girls Choir has worked up the cutest dance under the direction of Jeri Thorpe, accompanist, who is also doing a ballet. The Freshman Chorus has some surprises for you, too.

Tickets are on sale at 50¢ for students, 75¢ for adults, and \$1.00 for patrons. They can be obtained at the door. Come early! Word's out - it's going to be a whopping-good show!!

The leader of the Girl Scout troop Kathy Blevins and Judy Balke belong to should be proud of her girls. The two girls took it upon themselves to notify neighbors of Mrs. Mildred Hofer of Mr. Hofer's death last week and collected funds for a beautiful floral piece.

Mrs. Hofer wants to openly thank the girls and the neighbors for their generosity and sympathy and hopes some day to meet those she doesn't know personally.

Mrs. Hofer plans to stay on in her home at 3953 Kent Rd. and continue with her dressmaking business.

Basketball Jamboree

Booster Club "Basketball Jamboree" was a howling success Friday night. The grade schools started it off with a rough and tumble

exhibition. The 7th grade took on the 8th grade in another wild one. Sophomores then beat Freshmen in a more dignified contest. The High School Varsity whipped the Senior Y-Teens 9-4 in a thriller. This score was so unusually high because the Y-Teens are girls and the Varsity was wearing 16 oz. boxing gloves.

Highlight of the night was the big awaited-for Booster versus Faculty game. It started out as a close one but Booster President Bob Packard was referee and a little prejudiced.

Big moment of the game was when Packard and fellow Booster Mertze Koski were taken away in handcuffs. But Packard couldn't be kept away. He came back to make sure that the Boosters won the game. They did.

Financial returns aren't in yet but it was a successful venture. There was a full house. Booster popcorn, candy and pop were sold.
