Stow High School Band, directed by J. Rex Mitchell, opened the services. The Color Guard placed flags at the center of the altar.

Wreaths were dedicated by the Roger Moore and Viking Memorial Posts and the Girl Scouts.

Mayor Charles H. Monteith read the honor roll.

Rev. W. R. Wolfe, Stow Community Church, gave "Memorial Day", a talk.

Letter to Stow High Graduates:

It was perplexing when attending a high school class reunion recently to see how many of our classmates who had achieved high scholastic honors are now in the lower income brackets.

On the other hand, a startling number of graduates who had just barely grasped a sheepskin are now in a more comfortable financial position, besides being civic and charitable leaders.

It didn't seem to make sense, why were some of those we looked up to in school as "brains", now plodding along, satisfied with mediocrity? What did old "stupes" have that they didn't?

It really wasn't hard to see, when we looked closely.

Ambition... drive... a GOAL! That's what the Successes had, whether they'd been dopes or wheels in school. Too many intelligent people had been satisfied to have intelligence, but had not USED it.

The others had used every ounce of their abilities, and had climbed higher. They didn't expect the world to come to them, so they went out to get it.

OUR CONCLUSION: Remember the tortoise and the hare; OR It's better to be dumb and ambitious than to be smart and lazy. And if you happen to be smart and ambitious... we'll look for you on the cover of Time Magazine!

Barn Fires 1880

This story is taken from one I wrote for John Paxton, published in KENT COURIER.

I was 12 years old in 1880. Barn fires occurred in this fall when

Oscar Wright.

the barns were full of hay. These fires were believed to be incendiary but no proof was ever found for it. The blame for most of them centered around a young woman, Mrs. Lillian Riley, and a boy, named Will... can't recall his last name... were bound out to Newman Chamberlain. They lived on his farm until each was married. We all called them Lill and Bill Chamberlain. Lill was quite a little bit older than Will.

As she grew up she acted strangely. We all thought her a little queer. And I must admit with shame that we made fun of her. But she married and had 3 children.

At the time this story begins she had quarreled with Oscar and he had left her. The first fire was in her own home. Lillian was at Church but there were odd circumstances connected with this burning. The next evening Mr. Chamberlain's big horse barn burned. I was in the crowd that gathered quickly. I still recall this woman rushing wildly about in the crowd with her long hair

Mr. and Mrs. James Lundsford have purchased the Donald Buys property at 113 Munroe Falls Avenue.

Many happy returns of the day to Mrs. Lester North, who celebrated her birthday, May 24. Mrs. North is president of the Stow-Munroe Grandmother's Club, mem-

ber of the Daughters of America Council of Stow, and an active member of the Stow Community Church.

swinging down below her shoulders and yelling at the top of her voice. The boy, Will, had a colt in the barn and tried to get the colt out. Mr. Chamberlain pulled Will back and admonished him with... "Willie, they can burn my house and my barns but I still have a mansion in Heaven."

When Squire Call's barn and that of Uncle Eli Gaylord's burned that very same week rumors flew thick around town. No farmer felt safe. Grandpa Stow worried about his barn. Frank and another boy stood guard over it all the time.

I have never shot a gun off but twice in my life. If I had fired the one that I carried I presume it would have kicked me over.

Only one more barn burned but Lill did a lot of talking and accused her husband of the burning. Mr. Williamson finally went to see Oscar Wright where he was staying with Pa and came away, firmly convinced that Mr. Wright had nothing to do with these fires. I think the Calls believed that their barn was set afire accidentally by their hired hand.

The Wright children went to school with me. Billy Chamberlain was a bigger boy in school with me. He was a butcher and lived here for many years.

Mrs. Mary Sutton, Northmoreland Blvd., had a special reason for observance of Mother's Day this year. Sunday, May 8, she had completed twenty-eight years of perfect attendance in Sunday School. Quite an achievement, Mrs. Sutton.

The Ladies Christian Aid Society of Zion Church prepared the Banquet supper enjoyed by the Mothers and Daughters of the First Christian Church, May 9.

Mrs. Clifford Swinehart has been released from the hospital where she had been a patient for quite sometime. Mrs. Swinehart is convalescing after surgery.

Mr. and Mrs. William Thompson, and their children, and Cheer Pick, have returned to the Village, after visiting relatives in West Virginia.

HIGH WAYS

by Terry Moore

There comes a time in the life of all writers, amateur and professional, when they must get down on their knees. I am on mine now, pleading forgiveness (or insanity) to a large injustice in last

week's column to the Future Teachers of America. This hard working club voted to give Dolores Burdette \$50 from their club treasury. The sum was presented to her on Recognition

Day by the advisor Miss Velma Workman. Jim Cowles got the \$25 Culture Club Award.

For all Girls' Athletic Association members, the picnic is at Silver Springs Park this Saturday from 11:00 to 5:00. Swimming, eating, games, installing officers,

and mostly plain messing around are on the agenda.

(Editor's note: No more this week because of The Senior Prom.)

Church News

Our Lady of Grace Study Club held an election of officers at their May 24 meeting when Mrs. Homer L. Stocker, 1832 Lillian Rd., was elected president. Mrs. Richard K. White, 3843 Leewood Dr., was elected vice-president; Mrs. William Biggins, 3792 Leewood Dr., secretary-treasurer.

LEON CHILDS CELEBRATE FIFTY YEARS OF MARRIAGE

Mr. and Mrs. Leon Childs, 1707 Lillian Rd., celebrated their Golden Wedding anniversary Sunday, May 22, with an open house for their family and many friends.

Leon and Clara were married in Erie Pa., 50 years ago, May 23. Their first home was in Conneaut, O. Later they moved to Cuyahoga Falls, where they resided for 18 years. Then 22 years ago the Childs came to Stow and decided to make this their permanent home. During these 50 years of marriage the Childs have reared 6 children, 10 grandchildren and 8 great-grandchildren. The youngest daughter, Lorain, who suffers ill health, makes her home with her parents.

Leon retired from Goodyear Tire & Rubber Co. in 1957, at which firm he had been employed for 30 years, more recently in the Rec'aim Dept. Formerly he was an engineer for the Nickel Plate Railroad. Since suffering a back injury in a fall from a ladder in his home last fall Mr. Childs has spent more time in his easy chair, enjoying his favorite TV shows. But he still manages to find many chores about his residence which keep him busy.

Mrs. Childs has spent many years in the service of others as a practical nurse. She especially enjoys sewing, baking and keeping her flower beds in shape.

Many friends of this couple traveled to Stow from Detroit, Michigan, Conneaut, Ashtabula and Lorain to wish this couple well on this event. Many cards, gifts and flowers were received by the Childs.

The Childs' formula, which served to guide them through so many years of marriage is: "Faith in The Lord, Faith in each other and the learning in the beginning to 'give more and take less'."

BREAK GROUND FOR NEW STOW CHURCH

Architect Elmer Guran, Mayor Charles H. Monteith and Rev. G. W. Busse (l-r) lifted the first shovelful of dirt for the groundbreaking ceremonies of the newly proposed Stow Alliance Fellowship Church, May 29.

Light showers stopped long enough Sunday, May 29, for Stow Alliance Fellowship Church members to enjoy the full thrill of the sun's blessing as ground was broken for the newly proposed Alliance Fellowship Church at Stow and Arndale Rds.

Bible School attendance was broken with an all time high of 138 on this date. This congregation has been meeting in Riverview School. All congregation members and Bible School students motorcaded to this new site to witness the ceremony.

Attending this service as special guests were: Mayor Charles H. Monteith; Grover Shuman, Council President; Mrs. Betty Thompson, Village Finance Director; William Swisher, general contractor; and Elmer Guran, architect.

Building committee members are: Ted Shuman, Glen Fauss and Harold Rowland.

It's hard to realize these days that this country was founded partly to avoid taxation.

Congregationalists Adopt Many New Resolutions

Support for sit-in demonstrations in the South through declarations, prayers, contributions and other direct action was urged on members and churches of the Ohio Conference of Congregational Christian in a resolution, adopted at their final session of the annual meeting, which took place in Painesville. This resolution also urged that this group actively support local committees for democracy and housing and support fair housing legislation in communities, where this has been introduced.

Study of the U.S. policy toward totalitarian regimes and the taking of appropriate steps along this measure, such as: fair settlement of the Korean question and the status of Taiwan, along the line of 'Two Chinas', leading eventually to the People's Republic of China into the United Nations and finally recognition of China was voted as urged for delegates and churches.

Other resolutions adopted called for: promotion of peace through a church-directed effort of programs; discussion and study of world-wide population explosion and effective ways in which nations can be helped to realize their full potentialities; increased American economic and technical aid to underdeveloped nations; abolishment of the death penalty; Congress to expand coverage of federal minimum wage and hour law and realistically to increase minimum wage; and Congregationalists to urge the use of non-school facilities for week-day religious instruction in order to comply with implications of instruction in order to comply with implications of recent decisions of the Supreme Court.

BULLDOGS SHUT OUT BY ELLET 3-0

Stow High School spring sports ended abruptly Wednesday as

Ellet shut out the local nine 3-0 on the Bulldogs' home field. It looked like a pitcher's duel in the first 2 innings but in the 3rd inning Stow's fielding strength crumbled.

This inning was marked by 3 errors and 4 more plagued the Bulldogs through the rest of the contest.

Only bright spot in the contest was a double play, Gray to Nickol to Wilkenson. Joe Cocozzo also hit a triple for the losers.

Boosters' Swimming Jamboree

The Booster Club's Swimming Jamboree at Leisure-Time Pool was cold, rainy fun for the 40 or more, who attended. A constant drizzle from 3:30 p.m. kept the attendance so disappointingly low. The stout souls, who attended, watched Booster officials, George Jackson and Arvid Uitto, present Don Gray with the new Scholastic Award.

This award will be given yearly to the athletic with the highest scholastic average. Don won this year with a 95.12 average.

Varsity-S Picnic

All Stow High athletes were invited to the Varsity-S sponsored picnic at Munroe Falls Park. Most of the boys came and enjoyed the sunny weather and good food. Football, wrestling and track awards were given after the dinner. Receiving trophies for lettering 4 years in football were seniors, Lowell Reed, Ron Bowen and Bob Cueni.

The boys competed in many interesting games, including football, baby bottle sucking and pie eating. High School Principal, W. J. Barr, handed out comic prizes to the winners of these thrilling contests.

Stew Stewart Gets Trophy

Charles H. "Stew" Stewart, 3580 Adaline Dr., is busy finding a suitable place to display his new bowling trophy. His team, the Shur-Hooks, of the Goodrich Industrial League, placed 1st this year. Nice going, "Stew".

IN COLLEGE SPORTS

Kenneth Cowles got a letter at Hiram for a high jump of 5' 9".

Bill Von Gunten pitched on Kent's Freshman baseball team.

Dave Reinhart ran on the track team at Ohio U.

Marc Arnold has become a prospective letter man at Bethany for his good track work.

JAYCEES TO HOLD JUNIOR OLYMPICS

Stow's Jaycees will hold Junior Olympics during the month of July for boys and girls between the ages of 12 and 15. Sheets are being circulated this week in schools and students will be given the opportunity to sign up for the events. Winners of the preliminaries will compete in the district finals to be held in Cuyahoga Falls on July 30th at Bolich Junior High School.

Bruce Myers, head of the committee, announced that included in the events will be the 100 yard dash, shotput, 220 yard dash, broadjump, 12" softball throw for girls, and the 110 yard hurdles plus other events. Students are encouraged to sign up for the summer activity and they will be contacted personally regarding details of the events.

ROBBERY UNSOLVED

"Evidently the work of professionals who knew just what they wanted," said "Sonny" Klein, owner of the Sport Shops, Cuyahoga Falls and Stow-Kent Center, when speaking of the theft which took place at approximately 2 a.m., Monday, May 23, at the Stow-Kent store.

"They cleaned us out of size 39 and 40 regular, but didn't touch the longs and shorts," he said.

This was Mr. Klein's first experience with a robbery since he's been in the clothing business.

"Once when I had a night club someone made off with my safe," he said.

The loss includes approximately 210 men's suits, 10 sport coats, many \$2.50 ties, but no less expensive ones, a stack of \$4.95 sport shirts, but none at higher prices.

Theives evidently entered by the front door, made a sweep of what they wanted, and left by the rear. Stow police discovered the opened doors and called Klein at 2 a.m. As yet the culprits have not been found.

WHAT A TV SET COST 25 YEARS AGO

If someone complains that a television set costs more today than it did 25 years ago, you'd lift an eyebrow. A quarter century back, there were no television sets to be had - at any price. The same logic applies to the statement that 'prescriptions cost more today than they used to cost.' The drugs you now get didn't even exist until recent years. So the benefits these drugs bring...the rapid cures, the lives saved...could not be bought at any price.
