

"Stow has no fire or police protection for sale to anybody," is the statement that STOW PRESS received from Mr. Grover Shuman, President of Municipal Council of Stow.

Regarding the petitioned secession of a certain Hudson Dr. district from Stow Mr. Shuman stated for Stowites: "This specific area produces a small amount of tax revenue but requires a large amount of maintenance. This is not a self supporting area. Therefore this petitioned secession would only work a definite hardship on those citizens who have petitioned and not on Stow Village."

LATER THAN YOU THINK

Do you seethe on being reminded
When life seems to be in the pink
By wags or cronies or sages
"It's later, my dear, than you think"?
If you ponder too long
On this saying
Or sip slowly from life's sweetened drink
Then only decay is bequeathed
By "It's later, my dear, than you think."

Local Hobbyist Is Avid Student Now War Medal Collection Creates History Interest

Collectors of items for hobbies are able to identify each article . . . perhaps by dates. Perhaps these collectors will glean a little of the personal background of each item for their own entertainment. Clifton Blakemore, 3760 Kent Road, has become an ambitious history student because of his hobby . . . collecting war medals.

Clif is not interested merely in the dates and origin of each medal. He has delved into the contemporary conditions and monarchs' motives for the beginnings of the world's wars. Through tracing history from library books (Clif has no reference library of his own) he learns about that particular regiment or personality to whom his prized medals and ribbons belonged.

Included in this unique collection are 30-35 British military badges. Altogether Clif possesses some 1700 badges and medals. These are from warring times of: Ireland, The United States (which Clif claims are very hard to come by) Germany, Sweden, Belgium, Italy, Russia, France, Romania, Montenegro (part of former Yugoslavia), Greece, Turkey, China, Japan, Mexico, Spain and the Philippines.

Born in Ontario, Canada, Clif served in the First World War with the Canadian Expeditionary Forces. He saw action in France and Belgium. After these services, Clif came to the States and became employed at Garwood Industries, Wayne, Michigan, which made bodies for automobiles. For the last 15 years, after having suffered an initial heart attack, which caused him to stop his employment and seek residence here in Stow, near to his wife's daughter in the Falls, Clif has been pursuing this fascinating hobby. He has suffered 2 more heart attacks since that first one.

His wife, Verna, is employed at Miracle Mart, State Road in the Falls.

With a small collection, but a very prized one, before his first

Part of the World War II Canadian war medals are shown, (l) which constitute just part of the Medal Collection of Clifton Blakemore.

illness, Clif finds the acquiring of any additional items very difficult because of his income. He has informed STOW PRESS that he will show his collection, either to single guests or to groups, at any time . . . at his home . . . or wherever the call might lead him.

Although Clif claims that he is not a public speaker . . . it takes but a simple question or a small show of interest by the listener for Clif to orate at length on most any item in his collection. Some of the historical facts and dates, which he has dug up, provide one with a most unusual and interesting history lesson.

STOW TEMPERATURES

BRING SWIMMERS TO

SILVER SPRINGS PARK

Mrs. James Armstrong, 2144 Conwill Rd., took advantage of the high 80 degree temperatures over the weekend and enjoyed the swimming facilities at Silver Springs Park. Sons Michael and David enjoyed the sandy beach.

All Stow organizations, business establishments, church groups, Scout groups and all clubs have been invited by the Stow Community Council to join the Fourth of July Community Council sponsored parade.

Deadline for parade registrations is Saturday, June 25. Co-chairmen Police Chief Robert Woodard, Fire Captain Howard Osman and Community Council's president James Exline will accept registrations. Mr. Exline's telephone number is OV 8-8032.

Elaborate plans are being formed to make this parade even bigger and better than the very successful parade last year.

To help defray the additional cost of a gigantic fireworks display to be staged at 10:00 p.m. at the Kent Airport on the evening of the 4th, glass jars have been placed in stores throughout the community. Donations will be gratefully accepted.

Motorized units will meet at the Stow-Kent Center. Foot units will gather at the Kent Airport. Parade scheduling calls for a prompt 10:00 a.m. start out Kent Rd. to Park Drive.

Kent, Tallmadge and Stow High School Bands will participate as will some Army Field Units, floats, antique autos, mounted units, marching groups and a decorated bicycle brigade.

No motor scooters, motorcycles, Go-Kart kiddie racers or any other type of miniature gasoline run vehicle will be permitted to join the parade.

Every Stowite has been urged by Mr. Exline to make this the 'biggest and best' July 4th celebration Stow has ever seen. More details will be announced in a future edition of STOW PRESS.

HOLY FAMILY WILL GRADUATE JUNE 12

Holy Family School 8th Graders will graduate Sunday afternoon at 2:30 p.m. in the Church Chapel. Rev. John Archibald will have charge of the services.

Way Back When

by Frank Green

Deacon Butler

Stephen Butler came to Stow Township in 1807 or 1808. He was living here when the town was organized for it was at his home that the meeting took place. He was one of the officers chosen. He bought

Lot 45 from Judge Wetmore.

This Township Lot, 1/2 mile square, contains the Town Hall and the school building on the north side of Graham Rd. Mr. Butler must have

built his log house very near to Herman Theis' home.

Mr. Butler was 40 years old when he came here. An odd circumstance connected with his arrival is that he brought his family; 3 sons and 1 daughter. There is no mention of a wife. He is the first person to settle here that any mention of his religion is made.

He was a devout Presbyterian and at once organized a church that met for some time in his house. Circuit riding ministers covered Ohio for years. These ministers preached for the tiny church. Mr. Butler was so active in his evangelizing that his neighbors called him Deacon. Enough neighbors joined his church so that it was necessary to build a meeting house. Here church was held for some time.

Some of the neighbors referred to Deacon Butler as a stiff-necked blue-skinned Presbyterian. All of them were glad for his help when sickness, death or trouble came to them.

We are not sure where he came from but his church was very Scotch Calvinistic. Its members soon quarreled and disbanded.

The story of the rattlesnake in the Gulf comes properly into this sketch. No self-respecting his'orian should miss it. Samuel Baker, who killed the snakes lived across the road from where the old church stood. This land then belonged to Edwin Wetmore, Sr. I have never understood how it was that the Bakers lived there. Mr. Wetmore's descendants have always called it the Baker Lot. It is now the park across the highway from the cemetery.

Here is my version of this snake story. Mr. Baker was in the Gulf one Sunday morning. He

saw the snakes outside of their shelter. In some way he plugged the entrance and then set about to kill them systematically.

His little boy was very excited about it. The lad rushed into the church and yelled.... "Dad has killed a lot of snakes."

Deacon Butler promptly adjourned the meeting. The congregation hurried to the Gulf. I do hope that they thanked Mr. Baker for what service he had done them. A rattlesnake is not a congenial neighbor.

Stephen Butler died in 1822. His big farm was divided between two of his sons. Henry Butler built Mr. Theis' house... I think... before 1830. He was married in 1818. He and his wife, Betsy Kingsbury, had 3 children. All of these died young.

Henry Butler died in 1835 but his widow lived for many years... I presume in the house that her husband had built for her. Henry's brother, Washington, has the west 1/2 of the farm. I think that he built the house that is still standing west of the school buildings. He didn't live there very long but sold out and moved out of Stow. Stephen and Henry and some of his family are buried in our cemetery. All of the family are gone. My house, the Beckwith place and Mrs. Nina Papart's bird sanctuary are all in Lot 45. Editor's note: When the complete count was taken on the snakes... there were 125 dead. The herbs which furnished an Indian antidote for snakebite disappeared from this part of the country soon after these snakes were killed. No rattlers have been in Stow vicinity since that time either.

Pop and Mom Proms

Teenagers are like children when it comes to the fairy tale of "Cinderella". Some have the attitude that when it comes time for the Prom dance... it's up to Pop and Mom to see that they go, get there and have a good time without having to pay the penalty of the midnight tolling.

Apathetically, teenagers (some of them, that is) feel that their very survival in the school term

equals the chimney drudgery of Cinderella. Now it is up to the parents to see that each of them fulfills their individual responsibilities as social citizens. Recognition of the privileges of acquiring an education have been lost. It is not true anymore about PAY AS YOU GO. Stifling their desires for any creativity sons and daughters now scream YOU PAY OR WE DON'T GO!

Parents must be made to pay for proms by becoming Fairy Godfathers and Godmothers in supplying all the luxurious complements that might attend successful financiers' parties.

One group of boys told us that if it were not possible to get a 'double date' with a lad who was fortunate enough to get his father's car... if it were not possible to get dated doubly with a lad who owned his own car... it would be impossible to get a companion who would consent to attending the dance without the facilities of a rented car.

Another complaint was the fact that along with other 'I wouldn't be caught without and I'd rather be caught dead than' expenses was the tab for refreshments after the dance.

What has happened to the good old custom of a girl's inviting her date in after the dance to refresh themselves with cold chicken, a sandwich and milk? This after-midnight snacking would eliminate the \$10.00 restaurant tab... which frightened away the certain group of boys who complained about the total cost of a prom, which they estimated at \$60.00 for a boy.

Girls are of the opinion that

they must be outfitted with new clothing. With this new clothing's color scheme is broadcasted the specific color of the wanted orchid corsage.

Come on now gals, this isn't a wedding. And a word of advice to you Cinderellas... it's more fun to be a popular \$2.50 corsaged Prom-er than a \$10.00 orchided wallflower.

When parents realize that good common sense is the best basic principle for parenthood then perhaps our teenagers will again capture their imagination and initiative.

AEROSPACE ACCEPTS JOHN NANASHE FOR ENLISTMENT

John P. Nanashe, aged 18, son of Mr. and Mrs. John Nanashe, 1210 Mac Drive, has been accepted for enlistment in the USAF Aerospace Force along with 6 other area men.

M/Sgt Maynard W. Ungar, supervisor of the Air Force Recruiting Office, located in Akron at Room 205, 39 East Market St., announced that all these men scored exceptionally high in the General, Administrative and Mechanics Career fields in the Air Force entrance examinations.

All the first-time enlistees underwent extensive mental examinations and as a result of their high scores were selected for enlistment and placement in the New Aerospace Force. M/Sgt Ungar commented further that young men interested in the Aerospace Force are given aptitude tests to determine their

capabilities before they are enlisted. This is the new standard procedure set up by the Air Force to help interested persons understand what type of training they are qualified for before actual enlistment.

With the emphasis on the New Aerospace Force, which is the unit composed of manned aircraft, missiles and spacecrafts, people with electronics and mechanic abilities are urgently needed.

For those young men interested in trying for the New Aerospace Force the Recruiting Office telephone number to call is Bl3-7177.

WILLMOTTS HAVE BUSY SOCIAL SCHEDULE *by Kathy Martin*

June has arrived. Many mothers and fathers are really caught in the whirl of plans and preparations for graduations and weddings. Seems to be the busiest time of the year for some.

Here is a good example of just one family's June schedule. Mr. and Mrs. Leo J. Willmott, 3611 N. Darrow Rd., witnessed the marriage of their daughter, Margaret Mary, Saturday June 4. The next day, June 5, another daughter Mairiam, graduated from Pennsylvania's Villa Marie High School. The Willmotts hurried home to host a surprise party for Mrs. Willmott's sister and brother in law, Mr. and Mrs. F. J. Hurdacre, of Akron. This party observed the 25th wedding anniversary of the Hurdacres.

Also on Sunday, June 5, three Willmott cousins graduated from Akron's St. Mary's High School.

Monday, June 6, the Willmott's son, Thomas, graduated from John Carroll University.

Sunday, June 12, the Willmott's daughter, Janet, will graduate from Stow's Holy Family Grade School.

Mr. and Mrs. Jack Marhofer went to New York last week for daughter Bonnie's graduation from Columbia University.

Bonnie received her BS degree during commencement exercises at the Department of Nursing of the Faculty of Medicine, Columbia University, at Presbyterian Hospital on Thursday.

COMMUNITY CHURCH COLLECTING FUNDS FOR KOREAN ORPHAN

Community Church of Stow individuals and Sunday School classes are busy collecting 16,000 pennies or 16 \$10 bills to underwrite the project of continuing the education of their adopted Korean boy, Kim Woo Sik.

For more than 5 years members and groups within the Church have assisted in keeping this youngster alive and in school. An orphan, he has lived in an orphanage and has attended the An Wan School. Kim Woo Sik has completed his high school education and is eager to continue his education. He has a fine scholastic record. There is no available scholarship fund.

In recent years the Missionary Guild has supported Kim. However, even with their help in Kim's sustenance he needs \$160 in order to be enrolled in college. This amount registers him for his complete college education.

Mrs. Joseph Mitten, 1970 Thornedale Ave., is accepting gifts for Kim. Checks can be made payable to the Christian Children's Fund, Inc. and are deductible.

ALTAR-ROSARY GROUP INSTALLS OFFICERS

Holy Family's Altar and Rosary Society enjoyed their annual covered dish supper Tuesday June 7. New officers were in-

The decorating committee worked so nicely together, putting things up! Randy Morrison and John Sandercox just happened to be the only ones on the clean-up committee, though. Fancy that! Some persons dropped in just as they were finishing. (Isn't that always the way?) Besides thanking all the Juniors and Advisors, who helped to put on the Prom, a special thanks should go to Mrs. John Calvert and Mrs. Frank Rust. They worked hard, too.

Mental pictures for memory include: Carol Ferrante, who was admired for her beautiful white floor-length dress; Bonnie Diamond and Gerald McClellan, who danced beautifully together 'round and 'round-the floor; the outstanding people, who frequented the refreshment line...the refreshments were tops!...; Karen Williams, who was breathtaking in her fashionable orchid floor length formal; the teachers, who looked as though they were having as good a time as the students; Mr. and Mrs. Estok, who jitterbugged, the presence of Karen Hausman, escorted by Tom Shuster, Junior Class President....Karen moved last summer to Medina; Nan Gaylord and Don Gray, who danced all the dances and so well!...; and the whole Prom!

UNCOOKED JAM

Made with berries or peaches. Three cups, crushed blackberries, blueberries, raspberries, strawberries, or peaches (takes about 1 quart blueberries, 1½ quarts other berries, or 2½ pounds peaches) 5 cups sugar, 1 package powdered pectin, 1 cup water.

To prepare fruit. Sort and wash fully ripe fruit. Remove caps and stems from berries and pits and skins from peaches, grind blueberries; crush other berries or peaches.

To make jam. Measure 3 cups prepared fruit into a large mixing bowl. Add sugar, mix well, and let stand for 20 minutes, stirring occasionally.

Dissolve the pectin in the water, bring to a boil, and boil for 1 minute. Add pectin solution to the fruit-and-sugar mixture and stir for 2 minutes.

Ladle the jam into jelly glasses or into suitable freezer containers, leaving ½-inch space at the top. Cover the containers and let stand for 24 to 48 hours or until the jam has set. Then cover jam with 1/8-inch layer of hot paraffin. Makes about 9 six-ounce glasses.

To store. Store uncooked jams in a refrigerator or freezer. They can be held for a few months in a refrigerator or up to a year in a freezer. If kept at room temperature they will mold or ferment in a short time. Once a container is opened, the jam should be used within a few days.

NOTE: If the jam is too firm when opened for serving, it can be softened by stirring. If it tends to separate, stirring will blend it again.

CAUDILL STUDENTS PLAY IN RECITAL

Mrs. W. O. Caudill presented her 15 piano students in a recital for guests and parents in the Caudill residence, 2094 E. Graham Rd. Friday evening, June 3.

Barbara Burdette, daughter of Mr. and Mrs. R. H. Burdette, Munroe Falls, was singled out during the evening's program for a special gift presentation because she has taken lessons from Mrs. Caudill for the last 5 years, which is the longest standing of any other Caudill student.

Students playing in this recital were: Barbara Burdette, Pete Burgess, Rosemarie Buzaki, Gleora Gleghorn, Jackie Hamilton, Laurie Lee, Janet Morlock, Becky Mundorf, Paul Mundorf, Mark Sayre, Bill Slocum, Dick Thomas, Tommy Thomas, Sue Wheeler and Lincoln Wolfe.

MISS DOROTHY HORN TO BE CONSULTANT

New Chairman of the Summit County Chapter of the March of Dimes, is C. C. Calvert, a veteran employee of the Goodyear Tire and Rubber Company. Calvert, whose daughter was stricken with polio several years ago, succeeds Dorothy Horn of Stow, who will serve as consultant to the new board which was elected this past week.

Rev. Theodore Cord, First Christian Church of Stow will assist the clergy representatives on the March of Dimes headed by Reverend O. W. Haulman. Others assisting are Rt. Rev. Msgr. Clement Boeke, Rabbi Abraham Leibtag, and Rev. Stanley Lynton.

Calvert emphasized that the March of Dimes would continually work closely with medical organizations and municipal health departments in pushing the drive to get everyone inoculated against polio, while the National Foundation is getting into its new program of Child Birth Defects and Arthritis.

WAR MEDALS (Cont. from P. 1)

Of keen interest is the St. John's medal of The United Kingdom. This medal is given for ambulatory services. Each medal is engraved with the number and name of the bearer.

Clif has learned that there is available a medal from the Battle of Trafalgar. These were not government issued medals, but medals issued by those in charge of the ships as part of the prize money. This prize money was a way of monetary appreciation for all those, who served on sea battles so many years ago. Not only sailors went aboard ship but whole families. Thus families were given these rare red and white ribbons as a favor.... and as pay.

Along with these medals Clif collects daggers, bayonets, swords etc. He has an unusual dagger from Iran-Persia; a 1914 U.S. issue of a bayonet; a Japanese bayonet, which is one edged from World War II; 2 British bayonets; which have three cornered blades; and another bayonet, with 1870 inscribed on the hilt.

With great patience, Clif has collected the coronation medals of King Edward VII, Queen Victoria, Queen Elizabeth and King George V, of England.
