There's Music Everywhere!

By Kathy Martin

How drab our world would be without music - a haunting tune can do so much to bring back the pleasant memory of a special person, date or time of year. Our world is a musical one whether we realize it or not.

Don't fret and worry about the modern trend in music today. There is enough variety in music to suit all of us and all of our moods. So you don't like rock 'n' roll? A few years back, jazz was strictly for nothing, and did it ever survive! The beat is definitely there in the music of today.

So the lyrics are below the mentality of most - that's beside the point. The music is contagious and the teenagers are drawn to it for the rhythmic beat. There's so much humor in "Alvin For President" and Steve Allen's "Impossible" (it is, too). I'll admit being concerned of late by the morbid lyrics to some of the hit tunes, but that problem is lessened when the industry itself comes out with a hit that counteracts the morbidity. Listen to the lyrics of "Let's Think about Living". They're great!

There's energy and exuberance in the fast rock 'n' roll tunes. So they come and go?

Well, so do our moods...

Music can send you into a reverie of delightful daydreaming, but somehow, realistic, down-to-earth, everyday living always pops up to snap us back. I suppose the radio announcer pictures the listener sitting back, eyes closed, in an inspired trance when something like "Tristan and Isolde" is being played. Little does he know...yes, I'm thrilled by the haunting melody, deep in my own world of reverie, all right, but guess what I'm doing? Standing in the kitchen covered with inspiration and goose pimples, opening a couple of cans of pork and beans!

Then take the afternoon when one of the youngsters wanted a couple of pennies for bubble gum. I searched my wallet with no success while listening to a radio rendition of "The Poor People of Paris." "Paris?" I say to myself. What about Stow?

There's music everywhere - all around us - even when the radio is off, the ticking of the clock can beat out the familiar rhythm of a favorite song. Leroy Anderson best expresses this ticking beat in his "Syncopated Clock". Even the office has the beat as one may recall

Way Back When

by Frank Green

I guess every village over the years acquires a few odd characters. We can hardly call them citizens!

When I was writing about the Darrow family back around 1930, I asked Ette Talcott whether he knew John Darrow. He said he did not, but he did know a Ras Darrow.

John Darrow was not a member of the well known family for which the town and street are named. He lived for some time on the Fish Creek-Darrowville pike. He buried a boy, Albert, in our cemetery in 1853. Then in 1861 his wife was buried beside her son and in 1865 John's body was placed there too.

That is about all I can tell you of the John Darrows who lived here in town for about 15 years. Now about Ras, who is the subject of this sketch. I quote Mr. Talcott.

"He was a noted character in our neighborhood. He was just an ordinary old tramp, traveling over the country begging his living from the farmers. He was a tough looking customer. He wore a stubby red beard that covered nearly his whole face, old clothes with a string tied around his middle, with a battered dirty two-quart pail hung on it."

"In this pail he stored anything people chose to give him".

"I remember he used to come to our place every so often. He got his pail filled with milk or buttermilk and perhaps a loaf of bread"

"He stayed much of the time in a barn just west of Kent at the fork of the road. He went huckleberrying and brought home the berries in his boots."

Other people have told me of this strange character. He was good naturedly tolerated for some time. No one seems to know what ever became of him.

Boosters Net \$841 In Drive

Boosters collected \$841.60 in their annual membership drive last Saturday, according to Mrs. Mertze Koski, drive chairman. They will still accept memberships, which are \$1, for the remainder of this month, from anyone who was not at home or for any reason was not contacted in the door-to-door campaign.

She also states that letters have gone out to businessmen not already Gold Star Members of Boosters, inviting them to join. Gold Star memberships, open to merchants or individuals, are \$10 or more.

Mrs. Koski wishes to publicly thank all adults who drove and high school students who gave their time to solicit. "Without this volunteer help, the drive could not have been accomplished."

Boosters use their funds to help Stow athletics financially, have a long list of accomplishments behind them for their first season, and a similarly long list of future goals.

"The Typewriter Song"

When our washing machine was new, I could hear "Tea for Two" dancing with the agitator motion. Now, six children's diaper loads later, the same agitator can just hold its own with "When I Grow Too Old To Dream." But it's still a musical beat.

If you are tired of AM radio, try FM - it's fabulous! You're not defeated as long as you can turn that dial. Just remember, someone enjoys it, no matter whether he be hi or lo brow, long hair or crew cut. In HiFi or Stereo, someone, somewhere, is living his own private reverie, and HE LOVES IT! (I prefer Brahms, Beethoven, Bach, Bernstein, Basie and Belafonte, to mention only six.)

His six daughters, two of them Mrs. W. F. DePew, 3433 Margaret Ave. and Mrs. Charles Bloedorn, Lee Rd., Silver Lake, were reunited after nine years. They are scattered across the country living in San Bernardino, Indiana, Pa., Gardena, Calif. and a sister Mrs. Paul Suloff, Wadsworth Rd. Akron. Two sons also attended the family reunion coming from Bath, Ohio and Chicago, Ill.

Forty guests attended the reunion including uncles, aunts and friends. The highlight of the day was a surprise packet of cards and letters sent from relatives in Denmark and Sweden. Mr. Nelson will journey back to Calif. by way of Chicago sometime in October where he will visit his son and family.

These six sisters are enjoying their reunion, enjoyed a luncheon at Yacomini's Restaurant. Mrs. Asa Bachtel of Kent, a lifelong school friend has joined the sisters in their social fun. Tuesday, September 27 the group enjoyed a tour of Akron's Stan Hywet and a bridge party with members of a bridge club they were active in years ago.

MUNROE FALLS, O.

Sports

by
Kert Koski

The Stow football squad is having a very discouraging start this season. The coaches, undoubtedly, are equally disturbed. Last Friday night, Kent Roosevelt walked all over the Bulldogs, ending up with a 38-0 victory.

Errol Presley, Roosevelt's flashy halfback, scored four touchdowns, one on a 91 yard gallop.

Stow's offense couldn't move on their ground attack against the Riders, so taking the air, Kip Koski, sophomore quarterback completed 9 out of 21 passes, for a total of 115 yards.

Paul Jackson, Stow's sophomore lineman, managed to get more tackles than any other teammate. Ron Marhofer, another sophomore, was second in tackles.

Local Impressions Of Fighting Irish

Mr. and Mrs. Arvid Uitto of Stow and Mr. and Mrs. John Ruch of Munroe Falls traveled to South Bend, Indiana, on Saturday, Sept. 24 to see the football game between the Bears of California and the Irish of Notre Dame. They were treated to a good game, but the "color" of the game is what really impressed the locals.

As the California team took the field the students of Notre Dame united in a chant of "Go Back to Disneyland - Go Back to Disneyland". Also the "Go-o-o-o Irish" chant could be heard many times during the game. The cheerleaders (all boys) kept the crowd enthused with their pyramid building, shoulder standing and somersaulting. When the public address announcer named the "Bears" starting line-up the N. D. fans yelled in unison - "Who's He?", after each player was named. This wasn't done in a poor sportsmanship manner, but just to lend a humorous note and more "color" to the game.

At a point in the second quarter when the Bears were in scoring position, deep in Irish territory, the cheering section let go with a constant roar, as each play started. The idea was to drown out the signal calling

Youngsters Begin Bowling

Sto-Kent Lanes Manager Jim Sailer has announced the opening of Pee-Wee and Junior fall league enrollment which began last Saturday. Bowlers up to 13 years old begin at 9 a.m. Those 13 and over start at 11.

The first two sessions are devoted to schooling in technique and lanes etiquette. The third will begin actual league bowling. (Oct. 15.)

Plans include entering teams in area tournaments of which there are five or six.

of the Bears' quarterback and perhaps cause them to be thrown off because of the noise. The official promptly called time out and put up his hand in a halt position and waved to the crowd to be quiet. The students just as promptly stood and all waved back to the official, who couldn't help but smile. The Bears did score their only touchdown at this point however.

After the game was over, the Irish winning 21-7, not a person in the stands moved until the N. D. band, which also performed outstandingly at halftime, marched out on the field and played the Notre Dame Victory March with the students singing along.

The enthusiasm of the fans and cheerleaders, the performance of the teams and band, the handling of the crowd, the traffic patterns used to enter and leave the stadium all left a pleasing impression on all of us.

HIGH WAYS

by Terry Moore

If you weren't in the caravan to Kent Roosevelt, you missed a great amount of school spirit in the form of shouting, screaming and singing oozing out of every car window. The cars were well decked in colored crepe paper. (If you happened to leave your wet crepe paper on the car over night, you'll find it doesn't come off too easily, does it?)

The car wash was simply marvelous! The GAA had a beautiful Saturday! The girls thank you for your cooperation and support!

The Pep Club is sponsoring,

every Monday night from now on, the movies of the previous Friday night's game. They start at 8 p.m. in the High School auditorium. Wayne Deryck, who just moved to Stow from the Falls this summer, was elected president of this year's Pep Club. Good going! Kert Koski is vice president, Terry Moore, secretary, and Linda Andreson was chosen treasurer.

Senior Class Play tryouts were last week. I'll give you the cast pretty soon. The play is sneaking up fast...it's in November.

The juniors are all excited! They got their class rings Tues.!

The FTA sold candy apples last week at noon.

Tomorrow (Friday) the Student Council, with Randy Morison as president, has arranged for the "Vikings" to come to perform for us. The assembly will be in the morning.

Don't miss the football game with Springfield tomorrow night. It's away, but don't let the team down. Keep up the mighty Bulldog spirit!

Next week be sure to tune in. We're going to have a big discussion on "The Football Team vs. the Student Body."

PS...Don't miss out on the Homecoming Dance. Guys were starting to get their dates last Friday!

To All Automobile Owners In The Stow Area.....

You know that your automobile represents quite a large investment at today's prices.

You should know that an improperly serviced cooling system can cause serious damage, making this investment almost worthless.

Why take a chance on 'DO IT YOURSELF' methods. The \$1.50 or \$1.75 you save at the bargain store could RUIN the ENGINE or AUTOMATIC TRANSMISSION in your car.

If you want 'GUARANTEED COOLING SYSTEM SERVICE' by automobile SERVICE EXPERTS, stop in and see me soon.
